I can't believe there's no thread for this awesome octogenarian. If Justin Beaver, that little pissant has a thread then god dammit Betty White needs her own.

Actress Betty White samples the new "Naked in the City" hot dog (KTLA.com)

UNIVERSAL CITY -- Emmy award-winning actress Betty White got "naked" Monday at Universal CityWalk.

The 88 year old actress didn't bare it all for T.V. cameras; she got naked in the form of a new hot dog named in her honor at "Pink's" hot dogs.

The "Betty 'Naked' in the City' Hot Dog" has no toppings and no enhancements and Betty likes it that way -- plain.

"The weenie is so good, I have the weenie and the bun, and so they said, 'Well, it's a naked hot dog,'" White joked about the dog's suggestive name. "And I wish they had never thought of that."

Proceeds from the day's sales will support the Los Angeles Department of Animal Services' animal shelters. White is a longtime supporter of a variety of efforts on behalf of animals. Pink's new location at Universal CityWalk is the first in the San Fernando Valley.

Pink's, which first opened at its original location on La Brea Avenue in Hollywood 70 years ago, continues to be a Southern California staple and popular hot dog emporium.

White, whose career stretches back to the early days of television, has gained popularity with a new generation of fans after she appeared in the Sandra Bullock film "The Proposal" and a Super Bowl commercial. An

Internet campaign led her to being named as host of "Saturday Night Live" for its May 8 episode.

White has won six Emmy Awards for her roles on "The Mary Tyler Moore Show" and "The Golden Girls" among others. She has been nominated 18 times.

She owns alright. From FresnoBeehive.com via Neatorama:

When asked what they'd like to see on the cover of the Portland (OR) Mercury, readers responded, "Pregnant Betty White wearing a bikini and wielding a chainsaw while riding a centaur with John Ritter's head." Now stop bogarting the Cheetos, dude.

Edited to add link to story.

Nope... that was taken at Matteos on Beverly. I actually ate there last night. Betty eats there often. Alas no Betty last night.
