Bornheim, 1.3.2012

My patient, Mr. Marcel July, has informed me that he is involved in acivillitigation in Las Vegas, Nevada, USA. Moreover, that he has been summoned to LasVegas in conjunction with this Litigation. Therefore, Mr. July has requested a letter from my office explaining why, at this time, it is impossible for Mr. July to travel to the USA.

Over the past couple of years, Mr. July has experienced some traumatic events including the death of his mother, a serious medical condition regarding his wife, and the above-mentioned litigation. Because of these events, Mr. July has developed a medical condition that has required the use of certain medications. These medications affect his ability to operate equipment, a motor vehicle, or to travel on commercial airlines.

Therefore, I have advised my patient, Mr. July that he is prohibited from travelling on any commercial flights at this time.

If any additional information is needed, you may contact me at any time.

Sincerely,
