MATERION CORPORATION

Case No. 2:14-cv-02006- KJD-(GWF)

Plaintiff,

ORDER

FOR PRELIMINARY INJUNCTION

v.

AQUA REGIA SOLUTIONS LLC, et al.

Defendants.

As the basis for this Stipulated Order for Preliminary Injunction, the parties stipulate to the following facts:

1. On December 2, 2014, Plaintiff Materion Corporation (“Materion”) filed this action against Defendants Aqua Regia Solutions LLC, Asalient LLC, and Sundarajan Mutialu (collectively “Defendants”), seeking, among other things, to protect the rights in and to certain processes for removing precious metals from various substrates without damaging the substrate that Plaintiff alleges it owns (the “Invention”), and to enjoin Defendants from acting in violation of rights in and to the Invention that Plaintiff Materion has asserted;

2. On December 16, 2014, Materion moved for expedited discovery, on the ground that it needed to assess whether to file a motion for a preliminary injunction;

1 3. Upon the application of Defendants, On January 27, 2015, the U.S. Patent and
2 Trademark Office issued a communication providing that (a) it was suspending action on U.S.
3 Patent Application No. 14/241,105 (the “105 application”) for a period of six months, and (b) if
4 further suspension or continuance of prosecution is required, the applicant is required to notify the
5 examiner at the end of the period;

6 4. On January 28, 2015, the Court held a hearing on Materion’s Motion for Expedited
7 Discovery, at which time Defendants proposed to obviate any need for expedited discovery by
8 stipulating to a preliminary injunction;

9 5. The Court deferred ruling on Materion’s Motion for Expedited Discovery to allow
10 the parties to negotiate and try to stipulate to a mutually acceptable preliminary injunction; and

11 6. This Order is intended to maintain the *status quo* and prevent what Plaintiff alleges
12 is irreparable harm to Materion while this matter is pending before the Court.
13
14

15 As a further basis for Materion entering into this Stipulated Order for Preliminary
16 Injunction, Defendants make and certify the following representations:
17

18 1. Defendants have no employees;

19 2. To date, the only marketing or use of the Invention or related technologies or
20 services by any Defendant and any agents, representatives, attorneys, entities, or persons acting
21 on their behalf or in concert with any of them is the activity reflected on the website at the domain
22 name aquaregiasolutions.com (“Aqua Regia Solutions Website”), which went online starting
23 approximately November 6, 2014, was taken down in December 2014, and remains down. There
24 has been no other activity in connection with the Invention or related technologies or services by
25 any Defendant or any agents, representatives, attorneys, entities, or persons acting on their behalf
26 or in concert with any of them that would constitute, in whole or in part, using, selling, licensing,
27
28

1 marketing, commercializing, assigning, communicating with prospective customers or investors,
2 or engaging in research and development;

3 3. There has been no assignment, license or sale of the Invention or any related
4 technologies or services to any Defendant or any agents, representatives, attorneys, entities, or
5 persons acting on their behalf or in concert with any of them; and
6

7 4. Defendants reasonably believe they have sufficient control over the prosecution of
8 the '105 patent application to compel continued suspension of examiner action on the application
9 with the USPTO. This control over the application is based upon the express representation of Dr.
10 Dedek, the patent's applicant, to Defendant Mutialu and his attorney, Thomas L. Peterson, that all
11 things necessary to protect Defendants from any adverse action by Plaintiff be done. Further, in
12 the event that Defendants or their counsel learn that Dr. Dedek seeks to conduct himself contrary
13 to his expressrepresentation, Defendants and their counsel will forthwith notify Dr. Dedek of the
14 adverse implications to Defendants of any such conduct. In the event that Defendants or their
15 counsel learn that Dr. Dedek has acted or intends to act in contravention of his representation , or
16 if Dr. Dedek terminates his relationship with Mr. Peterson, Defendants will forthwith notify
17 Plaintiff's counsel of such action .
18

20 **THE COURT AS FOLLOWS:**
