B. DISCOVERY THAT REMAINS TO BE COMPLETED

Defendant is still obtaining medical records regarding Plaintiff through HIPAA authorizations provided by Plaintiff. Defendant needs to conduct the depositions of Plaintiff and Plaintiff's treating healthcare providers. Defendant anticipates conducting the depositions of two or three of Plaintiff's treating healthcare providers once Defendant has received Plaintiff's medical records directly from the providers. Defendant may also conduct the deposition of Plaintiff's husband, who was a witness to the subject incident. Defendant anticipates conducting those depositions within the next sixty to ninety days, depending upon how quickly Defendant receives the medical records. Defendant may also seek to have Plaintiff appear for a Rule 35 examination.

Plaintiff may conduct the depositions of certain employees and representatives of Defendant. Defendant will be supplementing its responses to Plaintiff's written discovery requests upon the entry of a stipulated protective order in this matter.

The parties also anticipate designating expert witnesses and conducting the depositions of the designated experts.

C. REASONS WHY DISCOVERY HAS NOT BEEN COMPLETED

Defendant only recently received the executed medical records authorizations from Plaintiff and is in the process of obtaining Plaintiff's records. Defendant needs to obtain those records before conducting the depositions of Plaintiff and her treating healthcare providers. Defendant also needs to obtain those records to provide to a medical expert in order to allow for the completion of an expert report prior to the deadline for initial expert witness disclosures. Defendant granted Plaintiff extensions to respond to Defendant's written discovery requests and only recently received the responses.

Defendant does not believe that the records can be obtained, the depositions conducted, and expert reports completed prior to the current initial expert disclosure deadline.

Accordingly, the parties request a sixty day extension of the current discovery deadlines.
