UNITED STATES DISTRICT COURT
DISTRICT OF NEVADA

Cedric Greene,

Plaintiff

v.

Alhambra Hospital Medical Center,

Defendant

Case No.: 2:15-cv-451-JAD-NJK

**Order Granting Motion for Extension
of Time [Doc. 6]**

9 On April 8, 2015, Magistrate Judge Nancy Koppe entered an order regarding plaintiff Cedric
10 Greene's application to proceed in forma pauperis, and recommended that Greene's complaint be
11 dismissed without prejudice.¹ On April 24, 2015, Greene requested an extension of the deadline to
12 object to the order and report and recommendation, claiming that he needs additional time to obtain
13 and analyze material records from the California state courts.² Although Greene does not specify the
14 length of time he requires, I find good cause for an extension and grant him until May 18, 2015, to
15 file any objections.

16 Accordingly, it is HEREBY ORDERED that Greene's request for additional time **[Doc. 6] is**
17 **GRANTED**. Greene must file any objections to Magistrate Judge Koppe's order and report and
18 recommendation [Doc. 4] by May 18, 2015.

19 DATED April 27, 2015.
