Pending before the Court is an emergency joint motion to strike a motion for summary judgment containing Plaintiff's health information. Docket No. 122; *see also* Docket No. 118 (publicly filed document containing that information).[1] Defendant has also refiled the motion for summary judgment with redactions. *See* Docket No. 121. The Court finds striking the underlying motion for summary judgment to be unnecessary. When a party files a redacted version of a document on the public record, it should be accompanied by an unredacted sealed version and a motion to seal. *Cf.* Local Rule IA 10-5(a). If an unredacted version were not filed under seal, the Court would be unaware of the information being redacted, making it impossible to know if the redaction is appropriate under the applicable standards and making it impossible to know how the redacted information impacts the underlying

motion. Accordingly, the request to strike the motion for summary judgment as originally filed is **DENIED**. Instead, the Court **INSTRUCTS** the Clerk's Office to **SEAL** Docket No. 118.

Consistent with the Court's prior instructions, the Court also orders the parties to file a request to keep Docket No. 118 sealed. *See, e.g.*, Docket Nos. 111, 114. That motion or stipulation to seal shall be filed by May 5, 2017, and must meaningfully address the applicable standards. The failure to file a stipulation or motion to seal by that date will result in the Court unsealing Docket No. 118.

IT IS SO ORDERED.

DATED: April 28, 2017
