ORDER

These related cases arise out of the alleged infringement of several patents relating to online gambling. Pending before the Court in each of the cases is a motion to consolidate the cases for pretrial purposes. Defendants in Case Nos. 2:16-cv-801, 2:16-cv-856, and 2:16-cv-871 have indicated in response that they do not oppose consolidation of all six cases for pretrial purposes. Defendants in Case Nos. 2:16-cv-857, 2:16-cv-858, and 2:16-cv-859, however, have indicated in response that they consent only to the consolidation of those three cases for pretrial purposes, noting that due to several previous rulings those three cases concern only U.S. Patent No. RE39,818 but that the other three cases concern several other patents.

The Court agrees with Plaintiffs that it would be more economical to consolidate all six cases for the purposes of pretrial proceedings, particularly claim construction. The latter three cases and the former three cases are not, as several Defendants argue, “very different.” Before

1 the Court's previous rulings, there was significant overlap of patents in issue in the cases, and all
2 six of the cases still include the '818 patent. It would be uneconomical to conduct separate claim
3 construction proceedings on the same patent.
