ORDER
(Mot Quash – ECF No. 1)
(Mot Compel – ECF No. 26)

The court heard oral argument at a hearing conducted June 1, 2017, on Non-Party Bellator Sport Worldwide, LLC’s (“Bellator”) Motion to Quash or Modify Subpoenas (ECF No. 1), and Plaintiffs’ Motion to Compel Documents Responsive to Plaintiffs’ Subpoena (ECF No. 26), both of which were filed in related case 2:17-cv-00849-RFB-PAL which was initially filed in the Central District of California and transferred to this district.

Bellator’s Motion to Quash and Modify addresses subpoenas duces tecum served by plaintiffs in the lead/underlying case on September 15, 2015, and by Zuffa on September 24, 2015. Both subpoenas requested 15 broad categories of documents asserted to be relevant to litigation pending in this district. The parties and non-party Bellator engaged in extensive and protracted meet-and-confer sessions over a prolonged period of time and were able to resolve the majority of their disputes. However, Bellator’s motion to quash or modify, and plaintiffs’ motion to compel address five requests for production of documents concerning two broad categories of documents the parties were unable to resolve without court intervention. These two categories are document requests for: (1) Bellator fighter contract documents and related contract negotiation documents, plaintiffs Request for Production No. 4, and Zuffa’s Request for Production No. 1; and (2) Bellator cost and revenue information, plaintiff’s Request for Production No. 12, and Zuffa’s Request for Production Nos. 7 and 12.

1 At the conclusion of oral argument at the June 1st hearing the court directed counsel to file
2 proposed orders outlining the scope of their requested relief from this court. Proposed orders (ECF
3 Nos 423, 424 & 427) were submitted June 5, 2017.

4 Bellator’s proposed order does not address the time period for which documents in the two
5 broad categories should be produced. Plaintiffs’ proposed order seeks fighter contract documents
6 and event level profit and loss data from Bellator for the time period covered by their subpoena,
7 January 1, 2006 to the present. Zuffa’s subpoena seeks documents for what it defines as the
8 relevant time period—January 1, 2010 to the present. However, Zuffa’s proposed order asks that
9 the court compel compliance for responsive documents from January 1, 2009 to the present.
10 Bellator claims, and the parties do not dispute, that Bellator was formed in 2008.

11 With respect to fighter contract documents, Bellator proposes producing five anonymized
12 exemplar fighter contracts for five categories of male MMA fighters, and one anonymized
13 exemplar contract for five categories of female MMA fighters. Bellator represents that there are
14 approximately 160 fighters currently on the Bellator roster, of whom less than 20% are female
15 fighters. As a result, Bellator cannot produce more than one contract within each female fighter
16 category without compromising the anonymity of the female fighters. Bellator proposes producing
17 30 fighter contracts—25 for male fighters, and 5 for female fighters. Bellator is proposing to
18 produce anonymized exemplar contracts for its current roster of fighters, rather than anonymized
19 exemplar contracts over the period requested by the parties in their respective subpoenas.

20 Plaintiffs’ proposed order states that the only document request in dispute between Bellator
21 and plaintiffs is Request No. 12, which requests cost and revenue information. Plaintiffs’ proposed
22 order contains a sentence indicating the order “does not modify any agreement reached by Bellator
23 with respect to compliance with the subpoena in any other respect.” Zuffa’s proposed order
24 proposes that Bellator be required to produce a randomized sample of contracts with its athletes to
25 include at least 20% of athletes with whom Bellator had an agreement between January 1, 2009
26 and the present, including any side letters or agreements redacted of personally identifying
27 information.

1 With respect to Bellator cost and revenue information, Bellator proposes producing
2 unaudited quarterly profit and loss statements through the quarter ending March 31, 2017. Bellator
3 represents that for periods prior to December 31, 2011, it may not be able to produce P&L data in
4 precisely the categories described in its proposed order because its operations changed when
5 Viacom acquired Bellator in October 2011. Bellator's proposed order outlines the quarterly
6 revenue information and expense information it proposes to disclose.

7 Plaintiff's proposed order requests revenue and expense information to include quarterly
8 financial statements from specific sources such as Pay Per View, television broadcasting
9 agreements, advertising, sponsorship, gate receipts, merchandizing and other sources, and total
10 fighter compensation. It also asks for a list of all events by date and location for every MMA event
11 promoted or co-promoted by Bellator. For each event, it proposes that Bellator be compelled to
12 produce profit and loss statements, or other financial statements showing all revenue from specific
13 sources such as Pay Per View, television broadcasting agreements, advertising, sponsorship, gate
14 receipts, merchandizing and "other sources", and costs. Zuffa's proposed order requests quarterly
15 profit and loss statements for Bellator covering the period from January 1, 2009, through the
16 present, to include "the same line-item detail as is maintained by Bellator in the ordinary course
17 of its business." Zuffa's proposed order also requests event level P&L statements from January 1,
18 2009, through the present, for each event in which Bellator contends UFC's allegedly anti-
19 competitive actions adversely impacted event revenues, viewership, sponsorship, venue
20 availability, or profitability.

21 Having carefully reviewed and considered the moving and responsive papers and the
22 arguments of counsel,

23 **IT IS ORDERED** that:

- 24 1. Bellator's Motion to Quash Subpoenas (ECF No. 1) is **DENIED**.
- 25 2. Bellator's Motion to Modify Subpoenas (ECF No. 1) is **GRANTED** as set forth below.
- 26 3. Plaintiffs' Motion to Compel Documents (ECF No. 26) is **DENIED**.
- 27 4. With respect to the requests addressing fighter contract documents, the parties' requests
28 for production are limited and modified as follows:

1 A. Bellator shall produce a randomized sample of contract agreements between
2 Bellator and fighters with whom Bellator has or has had an agreement between
3 January 1, 2010, and the present. The random sample shall consist of at least
4 20 percent of fighters under contract with Bellator between January 1, 2010 and
5 the present. For the fighters selected for the sample, Bellator shall provide all
6 agreements between it and the fighters, including any amendments,
7 modifications, side letters, or extensions that may exist with respect to any
8 contract that is produced pursuant to this section.

9 B. "Anonymized contracts" means that the fighters' identifying information such
10 as names, addresses, phone numbers, and Social Security Numbers, may be
11 redacted. Bellator shall assign a unique identifier to each contract and any
12 related amendments, modifications, side letters, or extensions to the contracts
13 selected for the random sample.

14 C. The anonymized contracts shall include the fighter's gender, weight class,
15 number of fights during term of agreements and any compensation to be paid.

16 5. With respect to the income and expense documents, the parties' request for production
17 are limited and modified as follows:

18 A. Bellator shall produce a list of all MMA events it promoted or co-promoted
19 from January 1, 2010, through the present. The list shall identify all events by
20 date and location.

21 B. Bellator shall produce unaudited profit and loss statements through the quarter
22 ending March 31, 2017, that include the following information:
