1.1.3 “Confidential Material” or “Confidential Document” shall mean any and all documents or other materials produced in response to Requests for Production of Documents as well as any confidential or proprietary documents, data, or information provided in response to other written discovery requests, interrogatory answers or deposition testimony. All Confidential Materials (including interrogatory answers) shall be Bates stamped and marked as confidential with a watermark or legend. By agreement between the Parties (confirmed in writing) additional documents may be designated as Confidential Material subject to the terms of this Stipulation and Order.

1.1.4 “Discovering Party” shall mean the Party who has requested the production of documents designated as Confidential Material under this Agreement and Order.

USAA FSB contends that documents and information sought by Bobby E. Smith designated Confidential Material represent and/or reflect trade secrets or other confidential and proprietary research, development or commercial information. The parties agree USAA FSB has a legitimate interest in protecting trade secrets, confidential and proprietary information. The parties agree the protections within this agreement are adequate.

1.3 Nature of this Agreement and Order

The nature of this agreement and order is to protect USAA FSB’s member and business interests in its own intellectual property, information, and processes. This Agreement and Order is intended to prevent this foreseeable harm and any related unforeseeable harm.

1.4 Public Health & Safety Not At Issue

The documents and information at issue do not involve the public health and safety, a public entity, or issues important to the general public.
