Defendant(s).)	

All documents filed with this Court must abide by the redaction requirements for personal identifiers. Local Rule IC 6-1(a). Some of the documents filed in this case comply with the redaction requirements and some do not. *Compare* Docket No. 1 (caption using initials of minor) *with* Docket No. 2 (caption providing full name of minor). Accordingly, the Court hereby **SEALS** Docket Nos. 1-2 and all exhibits thereto. The Court further **ORDERS** Defendant Minnesota Life Insurance Company to file versions of those documents on the public docket with redactions to any and all personal identifying information within 7 days of the issuance of this order.¹ The Clerk’s Office is also **INSTRUCTED** to remove the minor’s full name from the docket, and to replace it with the initials A.T.

¹ The Court declines to identify for Defendant all instances of necessary redaction. *Cf.* Local Rule IC 6-1(c). The Court notes that, at a minimum, the minor’s full name and birth date, which currently appear in the filings, must be redacted. *See, e.g.*, Docket No. 1-3 at 8. Counsel must carefully review the materials that have been filed and ensure that all instances of personal identifiers are redacted as required by the local rules.
