**1. Summary of Discovery Completed**

- 1. The parties have provided initial witness lists and documents pursuant to FRCP 26 and supplements thereto.
- 2. Plaintiff has served written discovery in the form of Interrogatories and Requests for Production of Documents upon Defendant.
- 3. Defendant has served Interrogatories, Requests for Production of Documents and Requests for Admissions upon Plaintiff.

**2. Discovery Remaining**

- 1. Expert and Rebuttal Expert disclosures;
- 2. Deposition of Plaintiff;
- 3. Deposition of FRCP 30(b)(6) witnesses;
- 4. Deposition of expert witnesses and treating physicians;
- 5. Deposition of fact witnesses

**3. Reason Why Discovery Was Not Completed**

Discovery in this matter is currently scheduled to close on November 12, 2018. Additional time is needed to allow for further analysis of the digital evidence in this matter. As reflected in previously filed briefing in this matter, the parties disagree as to what the video evidence of the subject incident reflects. Plaintiff has been diligently working to identify a third party who has the ability to analyze such evidence and provide clarification and believes she has now located such a third party. Once this discovery is completed, the parties will need additional time to determine whether it is necessary to retain expert witnesses and for what purposes. The parties will then need time to allow these experts to prepare and disclose a report. Based on the foregoing, the parties believe there is good cause to extend discovery and request that the discovery deadlines be changed as proposed below.
