MEMORANDUM OF POINTS AND AUTHORITIES

pursuant the the following plaintiff seeks mediation exclusion:

Dear Honorable Judge of Justice; Have you EVER:

I Literally watch a person plead for mental health assistance, trying to figure their life out; only to have the m/h personal argue loudly with and walk off, Then personally witness a medical Death and it's planning through observing an office, Peace officer, watch the guy preparing to Hang & witness this unknown soil's porporish black face when cut down is pulled from his cell only 2 hours and 1/2 after he was known by hosp officials to be hanging from his vent in the cell "Death" (Dec 2015 HDSP)

(2) Your Honor have you had nighmare(s) night after night because you watched officer(s) and medical of the state of Nevada, contracted personnel whisper their dislike, cruel comments about an Human being severely mentally ill "Dying" in his cell and medical discusses his past episodes of outbursts against them; then watch a river of blood inside the cell that looked like a lake of blood as the cell was flooded by sprinkler system, A River of blood (10-28-19 NNCC) video recorded accessible Ndoc.

(3) your Honor personally watching an Human being/Man Tell the peace officers of RNF NNCC, I'm going to kill self and new guards say well let him bleed out first & when he falls we'll rush in & get him, then watch the officers attempt to let a man die, while arguing in which way to restraint him, while he continues to bleed out - 5-13-80 NNCC video Accesible Ndoc electronic files

(4) your Honor have you suffered extreme pain to point of Tears and plead with contracted medical personnel, asking for help, to only be told by Nurse's, Warden's and a m.D, we will not get you 2 proper med-treatment.

1 facility M.D, we'll let whatever's wrong just Burn itself out
2 take it's natural course, outside Doctors cost the Ndoc Admin too
3 much - for the last several and currently transferred to a
4 Max facility, in dubious fashion, cause of my litigation and
5 litigation to help other fellow Inmate(s) only Now to be Thrust
6 back into the game of med-personnel who only concern is to
7 play, speak in a skeptical manner like we will get to you when
8 ever, were in control etc, Is this a Authority Issue, or am
9 I suffering from Chronic Disease that can eventually And may
10 have caused Irreparable Damage that medically Irreversible
11 your Honor we suffered horribly at the hands of contracted med-staff,
12 upon delay, hinder, interfered with by non-medical officers out of hate,
13 bias for me, causing me new injuries and more Wharton Pain, the
14 interest to settle is not with me, but my Request is to have a chance
15 to explain by Name year, month, days, who, How, when, Why?
16 the said medical neglect, Inmate Human(s) who have Died at the hands
17 of these Ndoc contracted staff who has no concern of our/my Health
18 All bad characters should be Removed under law and Doctors who

1. "under the Color of Law" currently ESP facility medical, contracted staff G. Carpenter, D. Jones et al, continue to hinder, delay, interfere with medical care to plaintiff, showing intentional deliberate indifference, was causing on going unbearable pain to plaintiff
ESP med. personnel says plaintiff's stomach H. pylori infection meds is exp, asap at facility arrival - see exhibit prior NRC refill (date) before transfer ordered; by doctor Hans, as it was "NOT exp", but shows how things go, Welcome to ESP They Say!

2) plaintiff requests list of removed vital stomach infection meds, removed by nurse Tolkey on arrival, remaining Anti biotic's, 800mg Ibu for pain management, see: G Carpenter's Callous, biased Reply Kite 5/26/20 yellow copy violation of 42 U.S.C. 5814a Amendment(s)

3) plaintiff seeks medicated shampoo, ESP property Sgt Moskoff said, he removed from property on prop. inventory, 21 days w/o shower or hair wash for plaintiff dandruffed scalp
see: D Jones Reply - 6, 9th, 20 Kite; other exhibit 6, 9th, 20 Kite & Reply
see: NRS 41A.045; McCrosky v. Carson Tahoe Reg. med-centr, 468 p.3d 149, 133 Nev. Adv. Rep. 115, 2017 - Nev Lexis 160 (Nov 2017) McGuckin v. Smith, 974 F.2d 1050, 1059-60 (9th Cir 1992)
Robinson v. California, 370 U.S. 660, 8 L. Ed. 2d 758, 82 S. Ct. 1417 (1962)

CONCLUSION

The state(s) wish to settle is not in plaintiff(s) best interest and furthermore as plaintiff continually suffers medical complication(s), ongoing med-neglect to serious chronic care dual diseases, constant dental oral daily pain, bleeding, psychological visions of Nurse Inmate(s) allowed deaths at Ndoc, contracted staff hands, current knowledge of Inmate(s) Deaths, untreated injuries, and personal ongoing debilitating wanton pain/suffering, deliberately by the Callous hands, bias medical personnel, plaintiff would hope for the chance to explain case before the Jury, not only for self, but those injured and those known Inmate(s) MAN/Woman, Now Deceased at the hands of Ndoc.

It's Trial Warranted your Honor, plaintiff prays so
