Sec. 540.600 Fish, Shellfish, Crustaceans and Other Aquatic Animals - Fresh, Frozen or Processed - Methyl Mercury (CPG 7108.07)

REGULATORY ACTION GUIDANCE:

The following represents criteria for recommending legal action to CFSAN/Office of *Compliance*/Division of Enforcement (HFS-605):

The composite analyzed in accordance with the applicable methods outlined in the current edition of the Official Methods of Analysis of the Association of Official Analytical Chemists and supplements (at the time of this transmittal Fourteenth Edition, Section 25.146-152) shows:

Mercury expressed as Methyl Mercury in excess of 1 ppm (edible portion only).

NOTE: Recommendations for legal action must clearly indicate the exact portion of the food used for analysis. The portion used for analysis must be prepared by the appropriate procedure outlined in Volume I of the Pesticide Analytical Manual, Sections 141.12 and 141.22.

Material between asterisks is new or revised.

Issued: 11/6/84
Revised: 3/95, 5/2005
