ATTN: HON. JUDGE WILLIAMS MARTINI

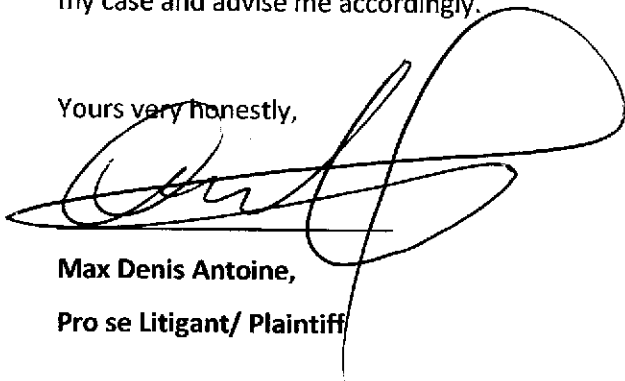

RE: ANTOINE V. XCENTRIC VENTURES, LLC ET AL, CASE # 10-CV-01392 WJM
SHORT MOTION FOR RECONSIDERATION AND TO REOPEN PLAINTIFF'S CASE

Dear Beloved Judge Martini,

Good Morning your honor. I am kindly requesting per the above caption that you reconsider my request to re-open this foregoing matter without prepayment of the filing fees. Apparently you have omitted or overlooked the factual circumstance that I am financially insolvent at this time, that all my resources have undisputedly been depleted, that my home is actively in foreclosure, and that I am currently in bankruptcy proceeding with the bankruptcy court. I know Justice is not for free, but it cannot be stolen away from me if I am unable to afford its costs at this very instance.

The only tangible asset I got left was my home but now it is undisputedly in active foreclosure. Copies of my bankruptcy documents are attached for your immediate scrutiny and consideration. Please re-open my case and advise me accordingly.

Yours very honestly,

Max Denis Antoine,
Pro se Litigant/ Plaintiff
