X grand opening

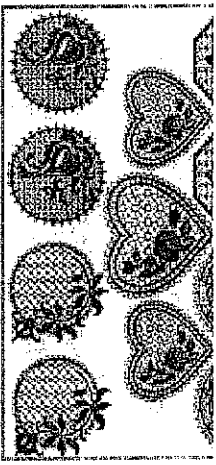

We've been preparing to launch this web site for quite a long time, and finally it's up and running. This is a sister site of ABC-cross-stitch-patterns.com. After launching our first web site (ABC-cross-stitch-patterns.com) and maintaining it for a while, we were tempted to expand from designs in machine cross-stitch to other styles and techniques, and feel that the new designs deserve a separate "home"!

This time we have much more considered the needs of 4x4 inch hoop owners, which was always a problem in cross stitch style, especially with the fancier and more complicated designs. Almost all designs in regular machine embroidery technique are perfectly suitable for small hoops and are readily available in **SEW & PCS** formats (as well as in many others - **Pes, Art, Hus, Vip, Shv, Exp, Dst, Xxx, Jef**).

You may also find here the right supplies for most home embroidery applications - various machine embroidery thread, stabilizers, prewound bobbins, thread conversion books & soft etc. - please just take a look at the upper menu and you will see where to click next to view machine embroidery supplies and cross stitch designs. Index of all regular machine embroidery designs is located on the left menu.

Here are some of our favorite machine embroidery sets - really hope you will love them too:))

Welcome to **Christmas SALE!** Up to January 2, if you purchase two regular machine embroidery design sets (not cross stitch) you will receive the third one (less expensive) **FREE** - just write which one you prefer in the "notes" field when ordering, and you will get it at no charge :))

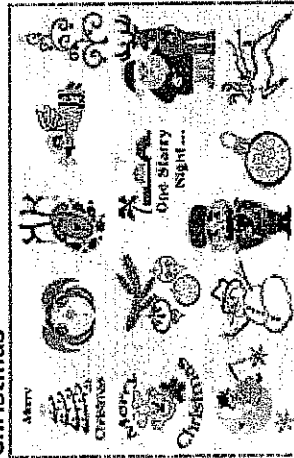

We offer machine embroidery designs in various formats and techniques, as well as many other machine embroidery supplies. Almost all designs in regular machine embroidery technique are perfectly suitable for 4x4 hoops and are available in SEW & PCS formats (as well as in many others - Pes, Art, Hus, Vip, Shv, Exp, Dst, Xxx, Jef).

If you are after machine cross stitch designs, machine embroidery thread, stabilizers, prewound bobbins, thread conversion books & soft etc. - please take a look at the top menu, you will find all the relevant links there.

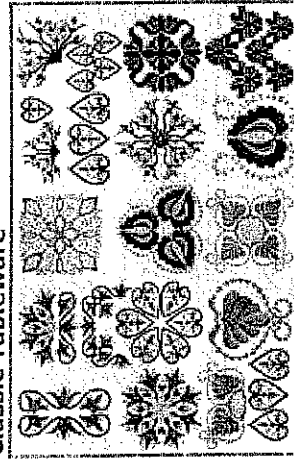

There are three totally new sets - the first set is for **Christmas**. The other two - for general use. One is called "**Classic Tableware**" and includes lots of designs which are perfect for table cloth, runners, napkins etc... The second set features various **Frames** - to frame anything you'd like. They may also be successfully used for decorating cushions.

Here are the new sets, and also some of other most favourite designs - hope you will love them too:))

Help - Q & A

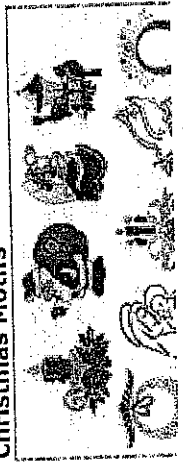

We offer machine embroidery designs in various formats and techniques, as well as many other machine embroidery supplies. Almost all designs in regular machine embroidery technique are perfectly suitable for 4x4 hoops and are available in SEW & PCS formats (as well as in many others - Pes, Art, Hus, Vip, Shv, Exp, Dst, Xxx, Jef).

If you are after machine cross stitch designs, machine embroidery thread, stabilizers, prewound bobbins, thread conversion books & soft etc. - please take a look at the top menu, you will find all the relevant links there.

We've added a lot of new designs lately, a total of four sets, and each of them has one free design!!! The first set is for Christmas season and is called "Christmas motifs". It features many symbols and motifs of Christmas - Angel, Cardinal birds, lantern, wreaths, Madonna & Child, snowman etc... The second winter related set is "Snowflakes" - you may stitch them as window decorations, prepare Christmas tree ornaments out of them, or simply use them on napkins or cushions. And the last two are "Decorative Ornaments" set & "Crosses""Crosses" set. We're sure you will know what to do with crosses, so a couple of words about the "Ornaments" set - these designs can be used almost anywhere from adult clothes, lady bags and purses to home decoration - table runners, napkins, cushions, curtains and traditional guest towels.

Here are the new sets, and also some of our favorite designs - hope you will love them too:))

ABC-embroidery-designs.com is a sister site of ABC-cross-stitch-patterns.com.

After launching our first web site (ABC-cross-stitch-patterns.com) and maintaining it for a while, we were seduced to expand from designs in machine cross-stitch to other styles and techniques.

Although at the beginning it was mainly due to lots of requests from our existing customers, digitizing designs for regular machine embroidery appeared to be much more exciting than we have ever thought it to be, and the results are very appealing too. So we felt that the new designs deserve a separate "home" from the machine cross-stitch site:))

This time we have much more considered the needs of 4x4 inch hoop owners, which was always a problem in cross stitch style, especially with the fancier and more complicated designs. Almost all designs in regular machine embroidery technique are perfectly suitable for small hoops and are readily available in SEW & PCS formats (as well as in many others - Pes, Art, Hus, Vip, Shv, Exp, Dst, Xxx, Jef).

We have discovered that many designing techniques that can be made in cross-stitch are very hard or almost impossible to achieve in regular machine embroidery, and of course the opposite.

When we start digitizing a particular design, we try to choose the best technique to show the original artwork's beauty. That's why you will notice that we have absolutely different collections on the two "ABC" sites, they almost never are alike, and unfortunately we can't "convert" cross stitch designs to regular satin stitch machine embroidery and the opposite:))

We will add new collections often, we almost always have something "in stock" that is not yet listed.

Each and every design is test-stitched until it sews out perfectly, so "what you see" on the pictures is "what you get". Many designs even look more beautiful "in life" than on the pictures. In case you are looking for a particular design, please don't hesitate to email us. Even if we don't have it at this very moment, it may be a good idea for future designs set, and we always seriously consider your wishes and requests.
