2 GEORGE MANTIS,

3 called as a witness, having been first
4 duly sworn by Jeffrey Benz, a Notary
5 Public within and for the State of New
6 York, was examined and testified as
7 follows:

8 EXAMINATION BY MS. SINGER:

9 Q. Mr. Mantis, could you please state your
10 name and address for the record.

11 A. George Mantis, M-A-N-T-I-S; 2032 North
12 Kenmore, Chicago 60614.

13 Q. Have you ever been deposed before,
14 Mr. Mantis?

15 A. Yes.

16 Q. How many times have you been deposed?

17 A. In excess of a hundred.

18 Q. Okay. So you're probably very familiar
19 with the ground rules, but we'll go over them just
20 in case. All of your answers have to be verbal so
21 that the court reporter can take them down. If
22 you don't understand a question, please let me
23 know, and I'll rephrase it. But if you answer the
24 question, then I'm going to assume that you
25 understood it. Is that okay?

Elisa Dreier Reporting Corp. (212) 557-5558
780 Third Avenue, New York, NY 10017

1 Mantis

2 A. Yes.

3 Q. If you need a break, let me know and we
4 can take one.

5 What did you do today to -- what did you
6 do to prepare for today's deposition?

7 A. I reread the buying protocol that I
8 developed, and the expert report that I prepared,
9 as well as rereading Mary Grasso's deposition.

10 Q. Anything else?

11 A. I met with counsel yesterday.

12 Q. Approximately how long was that?

13 A. Approximately an hour and 15 minutes.

14 Q. Did you look at any documents during the
15 course of that meeting?

16 A. The expert report, the buying protocol,
17 specifically, yes.

18 Q. And what did you discuss yesterday
19 during that meeting?

20 A. We basically went through the report and
21 the buying protocol.

22 Q. In your prior depositions, were you
23 deposed always as an expert, or were any as in a
24 personal capacity?

25 A. An expert.

1 Mantis

2 Q. What was the nature of your expert
3 retention?

4 MR. SWIRE: Open-ended? He testified
5 over a hundred times.

6 Q. As a -- were you -- when you have --
7 have you ever been retained as a statistician
8 before?

9 A. Every report has an observation that has
10 a statistical meaning. So in part, every report
11 rendered in survey research involves some aspect
12 of statistics.

13 Q. Have -- when you said you testified over
14 a hundred times, or you were deposed over a
15 hundred times, it was a hundred different cases,
16 or more than once in a particular case?

17 A. More than once, when you consider
18 deposition and trial testimony.

19 Q. So approximately how many different
20 matters have you been retained in?

21 A. Specifically for litigation, or
22 throughout my entire career?

23 Q. Specifically for litigation.

24 A. This is a rough estimate. Approximately
25 about 300.

1 Mantis

2 Q. And were you retained as a consumer
3 survey expert, in all of those --

4 A. A survey research expert.

5 Q. Survey research expert.

6 Let's briefly go through your education.

7 Did you receive an undergraduate degree?

8 A. Yes.

9 Q. And where was that from?

10 A. Carroll College.

11 Q. What year was that?

12 A. 1965.

13 Q. Did you do any postgraduate work?

14 A. Yes.

15 Q. Could you describe that briefly for me,
16 please.

17 A. I received an MBA from Indiana
18 University in 1967.

19 Q. Anything else?

20 A. I also had a juris doctorate degree from
21 Illinois University of Technology, Chicago Kent
22 College of Law, received in 1974.

23 Q. Did you ever practice as an attorney?

24 A. No.

25 Q. Are you admitted to the bars of any

1 Mantis

2 state?

3 A. Yes.

4 Q. What states?

5 A. Illinois.

6 Q. Have you done any other postgraduate
7 work besides your J.D. and your MBA?

8 A. I've taken courses on occasion in the
9 intellectual property program at John Marshall Law
10 School in Chicago.

11 Q. When was that?

12 A. I don't recall the exact dates. It was
13 over a period of years. 19 -- the mid to late
14 1970s.

15 Q. Have you taken any courses since those
16 courses at John Marshall?

17 A. No.

18 Q. Have you ever taken any courses
19 specifically in statistics?

20 A. No.

21 Q. Have you ever taken any courses on
22 statistical methods of sampling?

23 A. Offered by a university, or -- it's
24 pretty broad.

25 Q. Well, let's start with by a university.

1 Mantis

2 Offered by a university.

3 A. No.

4 Q. Have you ever taken courses offered by
5 any other institution?

6 A. By institution, that would include a
7 corporate setting, where protocols are developed
8 by an organization and implemented, in either
9 experimental designs or ordinary commercial
10 designs. Also, courses that from time to time are
11 offered by various associations that are involved
12 in marketing. Those are all available to survey
13 researchers. And as I recall, throughout my 30
14 some odd years of undertaking survey research,
15 I've taken such courses.

16 Q. Are such courses -- do they generally
17 last more than a week, would you say?

18 A. Well, some of them are ongoing. In the
19 corporate setting, they're obviously ongoing.
20 Others are of the seminar variety, a day or two.

21 Q. Approximately how many of those courses
22 have you taken?

23 A. That I don't recall.

24 Q. Do you think it's more than ten?

25 A. Probably not.

Elisa Dreier Reporting Corp. (212) 557-5558
780 Third Avenue, New York, NY 10017

1 Mantis

2 Q. Do you think it's more than five?

3 A. I can't place a number on it. This goes
4 back into 30 years of history.

5 Q. Okay. Mr. Mantis, are you a member of
6 any professional societies?

7 A. Yes.

8 Q. What societies are you a member of?

9 A. The International Trademark Association.

10 Q. Any others?

11 A. No.

12 Q. Do you have any other professional
13 certifications or licenses?

14 A. No.

15 Q. If you could briefly describe for me
16 your employment history before you formed the
17 Mantis Group.

18 A. Including the military, in from 1967 to
19 1969, I was a member of the United States Army, an
20 officer in the United States Army.

21 From 1969 to 1978, I was a member of the
22 staff of Continental Illinois National Bank and
23 Trust Company as a marketing officer, involved in
24 marketing research.

25 From 1978 to 1985, I was a vice

1 Mantis
2 president of Market Facts, Incorporated, a large
3 publicly held marketing research firm.

4 In 1985, I formed my own company.

5 Q. And what is your role at the Mantis
6 Group?

7 A. I am the Mantis Group.

8 Q. Does the Mantis Group have any other
9 employees?

10 A. No.

11 Q. Has the Mantis Group ever had any other
12 employees?

13 A. Yes.

14 Q. And what kind of employees did you have?

15 A. I employed an individual that was highly
16 experienced in field operations, specifically data
17 collection activities.

18 Q. And when did this person's employment at
19 the Mantis Group cease?

20 A. Upon her retirement, and a decision not
21 to work anymore, I believe -- approximately six or
22 seven years ago.

23 Q. So am I correct, then, that that person
24 would have had no role in your assignment for
25 Tiffany?

1 Mantis

2 A. Correct.

3 Q. Aside from you personally, did any --
4 did you have any assistance in -- withdrawn.

5 You mentioned you were the vice
6 president at Market Facts, and that it was a
7 marketing research company.

8 A. Yes.

9 Q. What was your role at Market Facts?

10 A. I served in two capacities, in the
11 capacities defined by the marketplace to which
12 research services were provided, those segments
13 being the financial services industry and also
14 surveys provided to organizations that involved
15 potentially litigation. For example, Lanham,
16 L-A-N-H-A-M, Act cases.

17 Q. What were your duties as a vice
18 president?

19 A. Vice presidents had as their primary
20 responsibility to respond to client requests or --
21 and/or bring to clients the expertise they had,
22 that they possessed, what services could be
23 provided to them; a consultancy capacity as well
24 as a sales capacity. And as part of the
25 consultancy capacity, the responsibility including

1 Mantis

2 the design of surveys. And, of course, the
3 reporting of the results.

4 Q. What -- how would you describe the core
5 business of the Mantis Group?

6 A. Today?

7 Q. Today.

8 A. Well, I described the Mantis Group as a
9 survey research firm that is involved
10 predominantly in surveys in support of litigation.

11 Q. Has that consistently been the core
12 since you founded the Mantis Group in 1965?

13 A. No.

14 Q. How is that different today?

15 A. Less emphasis on commercial marketing
16 research than when the company was founded.

17 Q. Have you ever conducted any consumer
18 surveys on users of Internet service providers?

19 MR. SWIRE: Objection to form.

20 A. You would have to restate. I'm confused
21 as well.

22 Q. Let's back up, then. How does the
23 Mantis Group generally conduct its consumer
24 surveys?

25 A. Depends on the issue, the hypothesis

1

Mantis

2 that it's testing.

3 Q. Can you give me some examples.

4 I'm --

5 A. You're going to have to limit your
6 question, counsel.7 Q. I'm sorry, let me focus you on
8 specifically not -- specifically how the survey is
9 carried out. Do you usually do mall intercept
10 surveys? Do you usually do Internet surveys?
11 What --12 A. There's no typicality. There's no
13 usual. Everything is issue and client sensitive.
14 You design a survey that best provides information
15 to address the hypothesis that you're asked to
16 test.17 Q. Have you ever conducted any surveys
18 using the Internet as a way to gather the
19 information?

20 A. Yes.

21 Q. Approximately how many times have you
22 done that?23 A. Very infrequent, I would think. Perhaps
24 two or three times.

25 Q. Can you tell me more about those two or

Elisa Dreier Reporting Corp. (212) 557-5558
780 Third Avenue, New York, NY 10017

1 Mantis

2 three times.

3 A. No, I can't. They're work product.

4 Q. Okay. What is your experience in
5 statistical sampling?

6 A. Being involved over the course of
7 decades, now, in developing sampling plans for
8 every study that I've ever designed.

9 It's an integral part of study design.

10 Q. Do you have -- have you ever published
11 any articles in the marketing or consumer survey
12 area?

13 A. No.

14 Q. Have you ever spoken at any seminars or
15 any kind of other courses on consumer survey
16 research or -- or statistics?

17 A. Yes.

18 Q. When was that?

19 A. Over the course of the last several
20 years, I've spoken at the international meeting of
21 the International Trademark Association. I've
22 spoken at least a couple of times at the Midwest
23 Symposium on Intellectual Property. I've spoken
24 to members of the Chicago Bar Association.
25 Marketing Research Association. And from time to

Elisa Dreier Reporting Corp. (212) 557-5558
780 Third Avenue, New York, NY 10017

1 Mantis
2 time, I lecture at John Marshall Law School in a
3 graduate course on trademarks, specifically the
4 use of surveys in Lanham Act cases.

5 Q. I'm sorry, it was John Marshall Law
6 School?

7 A. Yeah, John Marshall Law School.

8 Q. Were you ever -- aside from your
9 retention in this case against eBay, have you ever
10 represented Tiffany or been retained by Tiffany in
11 the past?

12 A. No.

13 Q. Have you ever provided -- have you been
14 retained as an expert witness by either Dorsey &
15 Whitney or Arnold & Porter?

16 A. Yes.

17 Q. Was that Dorsey & Whitney?

18 A. Both.

19 Q. Both. And how many occasions was that?

20 A. Dorsey & Whitney, I would say, going
21 back over the course of the first time, it would
22 be 20 years ago, perhaps five. For Arnold &
23 Porter, there's been one additional occasion.

24 Q. Let's start with Arnold & Porter.
25 What -- are you able to give me the cases in which

1 Mantis

2 you were retained?

3 A. It's cited in my expert report.

4 Q. Which case was that?

5 A. Jamster and Jamdat.

6 Q. Are the Dorsey & Whitney cases also

7 cited in your expert report?

8 A. I would have to look, counsel. I

9 believe some are.

10 Q. Well, we'll look at your report in a

11 minute.

12 Did you testify in the case, in the

13 Jamster case?

14 A. Case settled.

15 Q. Did -- have you ever testified in any of

16 the cases for which you were retained by Dorsey &

17 Whitney?

18 A. Yes.

19 Q. How many occasions was that?

20 A. By testify, you mean in court?

21 Q. Yes.

22 A. I recall two cases.

23 There may be more, but I recall two.

24 Q. That's fine. Did you conduct consumer

25 surveys in those cases?

1 Mantis

2 A. Yes.

3 Q. In both of them?

4 A. Yes.

5 Q. Were those consumer surveys submitted to
6 the court?

7 A. Yes.

8 Q. Were you qualified as an expert by the
9 court in those cases?

10 A. Yes.

11 Q. Has there ever been an occasion in which
12 you were proffered as an expert and have not been
13 accepted as such by the court?

14 A. No.

15 Q. What's your usual rate for conducting a
16 consumer survey?

17 MR. SWIRE: Objection to form.

18 A. Well, it depends on the survey. The
19 surveys are presented to clients on a project
20 basis, so the costs are predicated on the scope of
21 the survey.

22 Q. What is the average range of fees,
23 ballpark fees, that the Mantis Group would charge
24 a client? I understand it's project specific.

25 MR. SWIRE: Object to form.

1 Mantis

2 reasonable sample size?

3 A. Yes.

4 Q. What if only 100 items had been
5 purchased? Do you think 100 items would have been
6 a reasonable sample size?

7 A. Yes.

8 Q. What about 80 items? Would that have
9 been a reasonable sample size?

10 A. Well, you would have to compute sampling
11 error for each one of the examples that you were
12 given. If the observed proportion remained
13 relatively the same, or even -- was even lower,
14 let's say a 50/50 split of the data, 100 would be
15 reasonable. Sampling error is not going to
16 increase substantially.

17 So you would compute sampling error to
18 see what level of precision reliability you would
19 like to look at with regard to the proportion that
20 you're measuring.

21 Q. Would you have designed a protocol that
22 had a sample size of 150 in this case?

23 A. I could have, yes. I could have
24 suggested that as well as 200.

25 Q. But would you have?

1 Mantis

2 A. I didn't. Would I? I don't know. Is
3 it sufficient? That's the salient question. The
4 answer is yes.

5 Q. Now, you said, I think you before the
6 break told me that you completely relied on
7 Tiffany's evaluation to determine what was
8 counterfeit or not, correct?

9 A. Correct.

10 MS. SINGER: Please mark that as
11 Mantis 2.

12 (First buying program spreadsheet was
13 marked Mantis Exhibit 2 for identification,
14 as of this date.)

15 Q. The court reporter has handed you what's
16 been marked as Mantis Exhibit 2. Do you recognize
17 this document?

18 And I know that it's very hard to read.

19 A. It's almost impossible, but yes, I
20 recognize it.

21 Q. What is Mantis Exhibit 2?

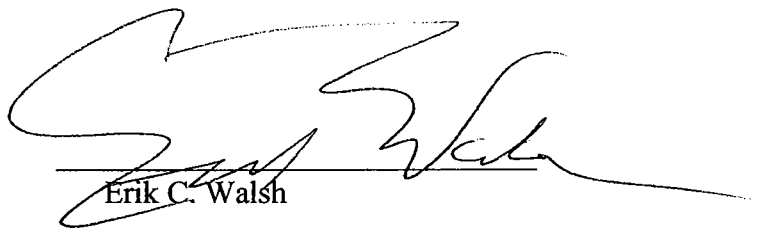

22 A. This appears to be the spreadsheet based
23 on the evaluation resulting from the first buying
24 program.

25 Q. Do you see in the top right-hand corner
