*Why wait?*

As per your request, I am submitting some comments made by Stephon Marbury from a phone conversation that happened this summer in June (perhaps June 16th at 9 PM in the evening) when he called me on my cell phone to comment on events that transpired as mentioned below in the attached email as pertaining to his cousin, Knicks staffer Hassan Gonsalves:

- Stephon was upset that he felt his family member, Hassan, was being treated unfairly by Knicks management
- Stephon was not happy with the salary range for his cousin Hassan.
- I explained the timesheets and payroll process, and that Hassan would not be assigned to work more than 35 hours per work nor would he be assigned to work overtime and Hassan's salary was determined by Knicks management.
- I explained that Hassan was not granted a parking spot at 31st street garage and I did not approve him using my access code nor was I aware he was forging my signature to park his vehicle.
- Stephon was upset at these circumstances and expressed extreme displeasure at the Knicks front office staff, particularly mentioning Anucha
- Though time has passed, several comments I can recall Stephon making include:

all referring to Anucha

- "No one likes that black bitch"
- "Fuck that black bitch, she thinks she runs the Knicks, she don't run shit. I sell the tickets around here, not her, I put people in seats, this is my team."
- "We don't like her, she thinks she tells us what to do, she don't tell us shit"
- "Fuck that black bitch, she ain't shit and we'll see what happens this year"

the conversation was more detailed but to the best of my ability those are the only exact phrases I can recall. I did call you that night to give you a head's up that Stephon was angry with the situation and that Stephon had some hostile things to say about members of Knicks management.

sincerely

As per your request - here are 2 issues that occurred this week that need to be brought to your attention regarding Knicks Field Marketing staffer Hassan Gonsalves:

- **Time Sheets** - over the period of Hassan's employment (hired October 2004) he has had trouble completing his bi-weekly administrative time sheets properly (submitting to me for approval, for me to sign, and then submitting to payroll to process on time so that Hassan would receive a paycheck). I have had to return at least 6 timesheets for Hassan to re-do and properly submit to me for approval/signature in order to reflect the proper time/hours worked on Knicks events, and as a result often Hassan has not had his timesheet submitted to payroll in order to get his check the following week. Recently Hassan again submitted a timesheet reflecting overtime he was not approved to work - I made a change in his hours to reflect what he WAS approved to work and submitted to payroll for him so that he would be paid on time to expedite the process. On this occasion, I submitted the timesheet and send it back to Hassan to correct, because I wanted to get it to payroll in a timely manner so he would be paid the following week.
- **Parking** - it has come to my attention through the managers at Central parking system that Hassan has been using my parking account (#3-6-9) for the 31st street lot to park his own personal vehicle on a frequent basis under my name. I did not approve nor give out my account to Hassan to park his car on my account nor use my code. In fact, I have been extremely clear to Hassan that he is NOT to drive nor EVER be behind the wheel of a MSG vehicle as the result of a background check on his driver's license which resulted in him not being permitted or legal to drive company vehicles, thus it is extremely important that he does not park on the company account as we could be liable for an accident that occurs in the lot or associated with him parking and driving under the Knicks.

Moving forward, I have attached a DRAFT of a memo I wanted to present to both Tasheem Ward & Hassan Gonsalves to meet with them and re-enforce the nature of their employment status with the Knicks...please review and let me know how to proceed. I can also forward a copy of this memo to HR to approve or comment on...please advise....

December 30, 2005

Ms. Anucha Browne-Sanders

Dear Anucha:

Last week, we were advised through your lawyers of alleged conduct towards you. As you know, we are investigating what your lawyers told us. Through our counsel to yours, we requested last week as part of our investigation the opportunity to speak with you directly, with your counsel present if you preferred.

We understand that yesterday, through your counsel, you suggested that we speak to a number of other individuals in our investigation. You nevertheless declined our request to speak to you directly. We remind you that, as an employee and officer of The Garden, you have an obligation to cooperate with The Garden in its investigation of the alleged conduct. We urge you to reconsider what we understand to be your decision not to speak to us.

In the meantime, we will continue our investigation despite the handicap of not being able to speak with you, directly and in detail, about your allegations. In addition, given what we understand your allegations to be, including particularly what you have expressed as your concerns about your personal physical safety, we do not wish to put you in a position where you believe your safety and security may be at risk until we have had an opportunity to complete our investigation and undertake whatever remedial steps may be appropriate. Accordingly, until our investigation is concluded, you will remain on the paid vacation status you commenced on December 23. Please contact me on Tuesday morning via telephone to discuss coverage of your duties and functions while you are out of the office.

Very truly yours,

John Moran
