iTunes Review

After the unforeseen and unprecedented success of 1982's *Thriller*, Michael Jackson had the impossible task of writing and recording the follow-up. Commercially, he couldn't match the numbers, but artistically 1987's *Bad* kept pace, expanding on the sonic challenges of 1979's *Off the Wall* and *Thriller* without losing the radio-ready grooves that made Jackson an international star. The album begins with the playful and funky braggadocio of the title track and the stylishly robotic grind and upbeat thrill of "The Way You Make Me Feel." Other obvious highlights are littered throughout. "Man in the Mirror," written by Glen Ballard and Siedah Garrett, brought together Jackson's powerful myth and his strong pop sense, while "I Just Can't Stop Loving You," a power ballad duet with Garrett, has the kind of brainwashing hook expected from the "King of Pop." But it's Jackson's fantasies, as "Speed Demon," as "Smooth Criminal," and the mild sexual exploration of "Dirty Diana" that nicely fill out this ambitious, satisfying follow-up. Strip away the hype and expectation and *Bad* more than delivers as the work of a multi-talented artist in his prime.

Customer Reviews

Don't Let the iTunes review stop you from buying this album!!

by Amanda09

I have so many complaints with the iTunes review that I don't know where to begin. First of all, the reviewer is obviously very biased against Michael Jackson. Michael was not "losing touch" with this album, nor has he ever. Second, this is a review for Bad, NOT!!! Thriller. Stop comparing them!! FYI, Bad might not have sold as many copies

One of Michael's best albums

by James1968

Bad is indeed some of Michaels best work... a must have.

who is it???

by mannyandamanda

Whoever wrote this review for michael jackson must have been on crack, cause the person does not know what good music is, if you want a good album with songs that went to number 1 everywhere, whereas thriller did not, then get this album, it is better than thriller and it is artistically wonderful to hear michael grow stronger in vocals

Biography

Born: August 29, 1958 in Gary, IN

Genre: Pop

Years Active: '60s, '70s, '80s, '90s, '00s

Michael Jackson was unquestionably the biggest pop star of the '80s, and certainly one of the most popular recording artists of all time. In his prime, Jackson was an unstoppable juggernaut, possessed of all the tools to dominate the charts seemingly at will: an instantly identifiable voice, eye-popping dance moves, stunning musical versatility, and loads of sheer star power. His 1982 blockbuster Thriller became the biggest-selling album of all time (probably his best-known accomplishment), and he...
