---

[53] According to the LimeWire source code, the first SIMPP message was version number 4. The simpp.xml file above is version 116. A recent SIMPP message (Feb. 20, 2008) has version number 376.

The first mention of SIMPP in the LimeWire feature history is for version 4.3.1, January 12, 2005. The software for implementing SIMPP can be found at https://www.limewire.org/fisheye/browse/limecvs/core/com/limegroup/gnutella/simpp/ and consists of 4 files: SimppDataVerifier.java (v 1.10), SimppListener.java (v 1.2), SimppManager.java (v 1.26)., and SimppParser.java (v 1.10).
