### UMG's Search Term Lists

UMG is using two search term lists; the files of certain custodians make it more appropriate to apply one list, rather than the other. For example, for any custodian whom we reasonably believe possesses data relating to defendants' First Amended Counterclaims, we will apply List B to any data between February 16, 2006, and September 25, 2006, that is collected from those custodians.
