Subject: disapproval reasons for review and takedown tool

Folks,
Here are the list of disapproval reasons we would like to see. This is a superset of both review and takedown reasons. We would primarily be using drug use, illegal content all the down to DMCA primarily during takedown but I don't think we need 2 separate lists.

Porn/Nudity
Copyright: Music Video

Copyright: TV

Copyright: Film

Copyright: General

Violence

Obscenity
