- Site also gave Nacho Libre: B+ review

SF: How involved were you involved in *Jack Black's Confessionals*?

JH: (Laughs) Yes, very involved. That was a lot of fun to do. Jack is a good friend. Associate Producer Ben Cooley had a video camera (begins laughing hysterically) that he gave Jack and he just went off. It was a lot of fun.

SF: Did you always have Jack Black in mind for the role of Nacho?

JH: We did. I met Jack after a screening of *Dynamite* at the Comedy Arts Festival and we decided that we wanted to work together on something. When this project came about, it all just kind of happened naturally. He and Mike White had just formed their production company, Black & White, and it was just a very fun collaboration.

SF: Director's cuts of films seem to be all the rage these days, for better or worse. Should we ever expect a Director's Cut of *Napoleon Dynamite* or *Nacho Libre*?

JH: You know, dude, there are definitely some scenes which I really really loved that didn't end up in *Nacho* and will definitely be on the DVD. If there is time to do a Director's Cut down the road it could be really fun to go back.

SF: Are there any projects in the mix right now?

JH: Literally, two weeks ago, we wrapped the sound mix on this one so I've been 100% *Nacho* up until a short while ago. I'm going to take a long needed family vacation and then begin working on some original ideas that I have in the Fall...another comedy.

The next few questions come from members of our Forums.
Click Here to go to our forums.

WOLFE: Mike White was added into the writing relation with you and your wife (Jerusha White). What was that experience like?

>>>Download the MP3 of Jared answering this question! (42 Seconds)

JH: Yeah, it definitely was different but Mike was somebody that Jerusha and myself had been a fan of for a long time. We all just really wanted to collaborate together. Mike would come out to Salt Lake for a couple of weeks and we would write out here and we would fly out to Los Angeles and write from out there. Looking back on the writing process, I can't even remember whose idea was what because we all worked so closely in writing the script from beginning to end, it was just a lot of fun.

HAKEEM: Who got the idea for the steak throwing scene in *Napoleon Dynamite*? That is the best scene I have ever seen in a movie.

>>>Download the MP3 of Jared answering this question! (8 Seconds)

JH: For me, it was just something that felt right. I like the idea of food as a weapon.
FLAME: What scenes (from *Nacho Libre*) ended up on the cutting room floor that you wish you had room for in the film?

>>>Download the MP3 of Jared answering this question! (47 Seconds)

JH: There's a whole *Gravy/Empero* sequence where Nacho and his tag team partner, Esqueleto, go to please the Empero at his palace so they can learn the ways of evil. That was one of my favorite scenes in the film but it will definitely be on DVD. The studio thought it was kind of the weird acid-trip sequence but whatever, I loved it to death. Peter Stormare is in that scene as well and it's so fun.

Review of NACHO LIBRE

Review of NACHO LIBRE

SYNOPSIS: Nacho (Jack Black) is a man without skills. After growing up in a Mexican monastery, he is now a grown man and the monastery's cook, but doesn't seem to fit in. Nacho cares deeply for the orphans he feeds, but he is not allowed to ask him, a result of his terrible ingredients. He realizes he must hatch a plan to make money to buy better food for "his young orphans, who have nothing" (...and if in doing so Nacho can impress the lovely Sister Encarnación, that would be a big plus).

Access Your PC From Anywhere™

SYNOPSIS CONTINUED: When Nacho is struck by the idea to earn money as a Lucha Libre wrestler, he finds that he has a natural talent for the sport. He is not only a natural, but he is also a perfect imitator. He is not only a natural, but he is also a perfect imitator.

As Lucha is strictly forbidden by the church rules at the monastery, Nacho is forced to lead a double life. Disguised by a sky blue mask, Nacho conceals his true identity as he takes on Mexico's most famous wrestlers and lives an enormous quest to make life a little sweeter at the orphanage.

The creators of "Napoleon Dynamite" team up with the writer of "The School of Rock" for the offbeat comedy.

I don't see the name "Napoleon Dynamite" being a commercial. It seems to them that most people can't just like that movie, as I do. A movie are obsessed with it to a certain point. They are not just don't want to deal with it. I do make the mistake of mentioning it, the reason is either the misheard of misheard dialogue and broke or a flat, seething glare of rage that suggests my conversational partner would like nothing more than to hit my over but had just them up my nose.

Unfortunately for the name talk show, Nacho Libre does everything that made Dynamite the hit that it is. Jared Hess, unlike most directors, seems to understand that if a system works, it's not broken and doesn't need to be fixed. As such, he's brewed what he knows the people want. A hit story played out in a way that was just what we needed. At the end, who was about the quality of a 15-year-old comedy.

In a medium fan of *Napoleon Dynamite* and all their works (I'm totally into Salon), I have just something about the Jack Black that tends to not mean that funny, no matter what it is that he does, it just seems kind of absurd or fake. If you're looking for a movie to figure out the humor, there should be. Getting to the point, Jack is probably funny in the film and really makes the movie work. The only thing that you get that's missing a character and miss the Jack Black thing. Thanks, these moments are a little too and really are.

I think it's really about the film. So and so on. If you don't like *Napoleon Dynamite*, go and see the one anyway. If you don't like the film, then you're not a fan. The only way to know for sure that you're not a fan, please don't make me find out what the film is about. There are some ways to test your anger. That's what the *Napoleon Dynamite* are here for.
