

Admin Tool Changes

Account Actions:

- Close account: user can not login. Profile deleted, videos deleted. Do not receive emails
- Lock account: user can not login. Profile, videos remain. Still receive emails.
- Reinstate account (for closed and locked accounts): Password, videos, profile restored.

Checkout Queue:

- Admins can 'check out' a queue of 100 videos at a time to review so that admins are not reviewing the same videos simultaneously.

Flagged Videos Sorting:

- By flag type (pornography, violence etc)
- # of flags
- user uploaded
- user who flagged video

Admin User Logging:

- Log all admin actions by admin user, date and time

Confirmation Reject:

- Confirmation required for rejecting videos with >10K views
- Confirmation required for rejecting featured videos
- Confirmation required for rejecting premium partner videos

Admin Permissions:

Ability for Admin Super Users to set Admin accounts and permissions. Permissions are:

- Reject & Strike (inappropriate)
- Reject (copyright)
- Reject & Strike (copyright)
- Remove Comments
- Lock Accounts
- Close Accounts
- Reinstate Accounts
- Remove Videos w/ high View Count (>10K views)
- Mass Flag Removal

Default options for all admin users:

- Check out videos
- Reject Videos
- View Private Videos

User Facing Changes:

- Flag comments
- Flag profiles

Flagged comments and profiles should appear as new filters in the 'filter by' drop down. Actions for flagged comments: delete, approve. Actions for flagged profiles: approve, lock account, close account.
