Okay we've re-uploaded it under a different user name because I guess it wasn't done correctly the first time which was why you couldn't find the user name.

I accepted starskiba, but having trouble finding starskiba1 in the Director queue. Are you sure you signed up for that one at www.youtube.com/director? And when did you sign up for that one? Thx.

What are the user names for each? I can possibly expedite your accounts.

Have had some problems with the database for Director account management. We should be able to catch up on it in the next few days. If you don't receive an acceptance by end of week email me back. Sorry for the delay. :-)

Hey Kevin,

We've recently tried to set up 2 director's accounts w/YouTube.com but haven't heard back yet on the confirmation. One was for Gene Simmons Family Jewels per your suggestion, and the other was for Korn (we are uploading a 5-minute clip from their DVD). Should we be concerned that it's taken a week without a response or is that fairly normal with how busy you are?

Let me know.

Thanks Kevin!
