Upload your own affirmation or bit of Spiritual advice as a video response for a chance to be our featured video of the week!

About Me:

I am the orphaned child of two American missionaries who after dying left me at a remote Indian village, where I was adopted by the great Guru Tugginmapuddah, and raised to travel the world, healing all emotional woes, free trapped souls from their internal torment, and offer my own brand of spiritual road map for those who seek it.

Oh and I'd also like to create my own line of moderately priced specialty shampoo called "Just for Pubes™."

I am also a spiritual teacher, affiliated with no one faith and I have combined many disparate disciplines into a unified movement of human potentiality and equipoise.

And within this non-denominational movement, I developed a system for healing your emotional pain called "D.R.A.M.A." "D.R.A.M.A." is:
 D.istracton
 R.egression
 A.djustment
 M.aturation
 A.ction

I first Distract you from your emotional pain, then Regress you back to the age where your emotional pain originated. I Adjust that emotional pain, and Mature you by making you responsible for your own health and happiness and, on your own and without your guru's help, you put your new consciousness into Action. D.R.A.M.A.!!
