yo mrd  
12:02:22 AM maryrosedunton:  
yo  
12:02:23 AM tunawarrior:  
are you around?  
12:02:24 AM tunawarrior:  
dude  
12:02:27 AM maryrosedunton:  
haha  
12:02:28 AM maryrosedunton:  
ya  
12:02:28 AM tunawarrior:  
i'm kicking ass  
12:02:29 AM tunawarrior:  
on shit  
12:02:35 AM tunawarrior:  
<http://steve.dev.youtube.com/admin> flagged  
12:02:36 AM tunawarrior:  
check it  
12:02:39 AM maryrosedunton:  
just saw your email to heather  
12:02:41 AM tunawarrior:  
i just added a mass flag tool  
12:02:43 AM tunawarrior:  
and also  
12:02:45 AM tunawarrior:  
a list strikes thing  
12:02:53 AM tunawarrior:  
<http://steve.dev.youtube.com/admin> list strikes  
12:02:56 AM tunawarrior:  
you can type in mrizzo  
12:02:59 AM tunawarrior:  
aw man  
12:03:01 AM tunawarrior:  
is there anything else?  
12:03:39 AM maryrosedunton:  
that's awesome. heather will be so  
happy  
12:04:12 AM tunawarrior:  
er i called you earlier. while im  
in this area for admin  
12:04:15 AM tunawarrior:  
was there anything else?  
12:04:42 AM maryrosedunton:  
oh, the other big thing heather has  
been asking for is a tool to close  
accounts  
12:04:55 AM tunawarrior:  
oh wasn't there supposed to be something  
going out w/ this push?

12:05:01 AM maryrosedunton:  
without the 3 strikes stuff

12:05:17 AM maryrosedunton:  
she's requested it, but no, no one  
has worked on that for this push

12:06:01 AM tunawarrior:  
oh

12:06:07 AM tunawarrior:  
i thought we were doing a close account  
thing for this push

12:06:07 AM tunawarrior:  
hmm

12:06:12 AM tunawarrior:  
i could do it, it's pretty easy to  
do

12:06:15 AM tunawarrior:  
but

12:06:18 AM tunawarrior:  
it won't have all the additional  
stuff

12:06:23 AM tunawarrior:  
like disabling their profiles

12:06:25 AM tunawarrior:  
and whatever else

12:07:01 AM maryrosedunton:  
ok cool...no, we didn't have anything  
planned for this push - I had it with all the  
other stuff she requested for the next push

12:07:20 AM maryrosedunton:  
right, I think that's ok about the  
profiles

12:07:30 AM tunawarrior:  
i think them still continuing to  
receiev emails

12:07:34 AM tunawarrior:  
w/o a way to disable that

12:07:37 AM tunawarrior:  
is kind of bad

12:07:39 AM maryrosedunton:  
hrm

12:07:51 AM maryrosedunton:  
what happens when they get 3 strikes  
now, they stil get emails?

12:07:56 AM tunawarrior:  
ya

12:08:06 AM tunawarrior:  
oh we broke 25m views

12:08:06 AM maryrosedunton:  
hah. oh ya, that's bad

12:08:09 AM tunawarrior:  
and uh

12:08:13 AM tunawarrior:

haha

12:08:20 AM tunawarrior:

Signups 24572

Uploads 33918

12:08:22 AM tunawarrior:

33k uploads

12:08:23 AM tunawarrior:

god

12:08:34 AM maryrosedunton:

I know!! I saw that - that's crazy

12:08:51 AM tunawarrior:

wait, yesterday we were only at 24m?

12:09:02 AM tunawarrior:

for sunday, we broke the 25m mark

12:09:21 AM maryrosedunton:

yesterday 24, 28K uploads righth?

12:10:17 AM maryrosedunton:

so wait, for the close account stuff,  
can you not unsubscribe them to all email  
alerts as well?

12:10:33 AM tunawarrior:

that one is a little tricky

12:10:48 AM tunawarrior:

well, at least i think it is

12:10:55 AM tunawarrior:

i think by the time the code gets  
down to sending out the email

12:11:02 AM tunawarrior:

it just has an email message and  
an email destination

12:11:20 AM tunawarrior:

which means it has to look back in  
the database for each email to see, "has any  
of the users associated with this email address been suspended"?

12:11:52 AM tunawarrior:

and esp. for those mass emails we  
sent out, like the weekly tube

12:11:55 AM maryrosedunton:

hrm. that is bad though. if not for  
this push, we will have to figure out a way to  
change that

12:11:59 AM tunawarrior:

it'll take 2x as long or something

12:12:12 AM tunawarrior:

ya it's bad

12:12:49 AM maryrosedunton:

kinda funny to think that we suspend  
these users account, but we keep sending  
them the weekly tube

12:13:00 AM tunawarrior:

hahaha

12:13:14 AM tunawarrior:

we don't discriminate

12:13:18 AM maryrosedunton:

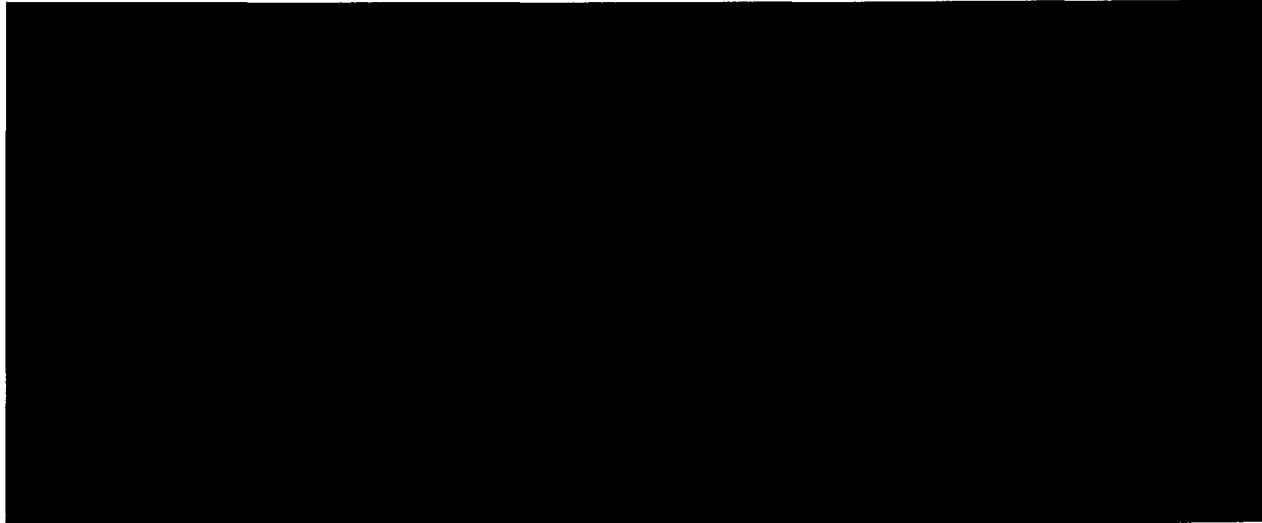

hah

12:15:47 AM maryrosedunton:

oh, cool, I just looked at the strikes  
count thing too.

12:16:34 AM tunawarrior:

ya i also made the mass flagging  
thing a super admin thing

12:19:34 AM tunawarrior:

so our alexa ranking is 49

12:19:37 AM tunawarrior:

by these metrics from today

12:19:42 AM tunawarrior:

we may shoot up to like 30's

12:19:49 AM maryrosedunton:

f-ing a

12:19:58 AM tunawarrior:

and we're essentially doubling bandwidth  
with colin/new serverbeach stuff  
coming online

12:19:59 AM tunawarrior:

in march

12:20:06 AM tunawarrior:

chad was joking about shooting up  
to top 10

12:20:06 AM tunawarrior:

haha

12:20:26 AM tunawarrior:

what if...

12:20:27 AM tunawarrior:

we beat myspace

12:20:30 AM tunawarrior:

by the end of march

12:20:52 AM maryrosedunton:

hah. god, I still keep 1/2 expecting us to hit a ceiling...to plateau - but it doesn't seem like it's going to happen

**12:21:37 AM tunawarrior:**

i have been thinking a little differently about it. i was thinking, maybe we're doing so well on all the rankings and registrations is that we may be fundamentally different from all these other websites, as in.

**12:21:46 AM tunawarrior:**

we don't really provide a service like ebay/google/craigslist

**12:22:18 AM tunawarrior:**

but we're the first mass entertainment thing accessible through the internet. uhm, like we're some kind of convergence thing between tv/internet.

**12:22:53 AM maryrosedunton:**

yup. I spent like an two hours today just zoned out watching videos

**12:23:05 AM tunawarrior:**

dude, watch your email in about 2 minutes

**12:23:07 AM tunawarrior:**

these numbers are amazing

**12:23:08 AM tunawarrior:**

today

**12:23:14 AM maryrosedunton:**

hah...cool.

**12:24:13 AM maryrosedunton:**

oh, I totally agree on the convergence thing - it sounds sort of dorky, but I really do think we're revolutionizing entertainment

**12:24:39 AM maryrosedunton:**

I run into more and more random people who are huge fans of ours

**12:24:51 AM tunawarrior:**

oh, exactly. re: revolutionizing entertainment

**12:25:04 AM tunawarrior:**

haha, it does sound dorky but i think it has just been over-used by other companies who have attempted to do it.

**12:26:20 AM maryrosedunton:**

ya, totally. oh man, powers was telling me about all this cool collaborative filtering/recommendations stuff he built for slide - and it's never been used. max doesn't think that's the right direction for the product or something.

**12:26:40 AM tunawarrior:**

right, i was sort of thinking. like while it's awesome that we're kicking ass on alexa and we're rising on the charts.

**12:26:54 AM maryrosedunton:**

hah

**12:26:59 AM tunawarrior:**

but i think we're bigger than the internet, that we should be comparing ourselves to, say, abc/fox/whatever.

**12:27:00 AM maryrosedunton:**

I like the steve mike thing you put in there

**12:27:40 AM maryrosedunton:**

f-ing a. look at the numbers from 2/1 to now

**12:27:52 AM tunawarrior:**

ya

**12:27:55 AM tunawarrior:**

like a 150% increase

**12:27:59 AM tunawarrior:**

and!!

**12:28:06 AM tunawarrior:**

the thing is, still, a ton of people have never heard of us.

**12:28:20 AM tunawarrior:**

if we can keep up the scaling and make some revenue

**12:28:44 AM maryrosedunton:**

oh, I know, although I meet more and more people who have heard of us now

**12:28:49 AM tunawarrior:**

who wouldn't use us? potentially better entertainment than cable and you don't have to pay for it, you can talk to other users about it, you can create your own channels, so on so on.

**12:29:29 AM maryrosedunton:**

yup. registrations doubled this month, but I still feel like we're lacking there

**12:29:51 AM tunawarrior:**

hahaha. it's a little funny, being in the product side of youtube, isn't it?

**12:29:59 AM tunawarrior:**

it's like, you have to look at these charts and numbers and see where we can improve

**12:30:03 AM tunawarrior:**

when this is like unprecedented growth

**12:30:04 AM tunawarrior:**

for any company

**12:30:19 AM maryrosedunton:**

hah. ya, totally. you still have to always focus on where we can do better

**12:37:26 AM maryrosedunton:**

oh, so by the way, after our discussion on friday, I did a little exercise on friday and went through all the most viewed/most dicussed/top favorites/top rated to try and figure out what percentage is or has copyrighted material. it was over 70%

**12:38:55 AM maryrosedunton:**

hah. shit. never mind

**12:39:12 AM tunawarrior:**

hahaha

**12:39:21 AM tunawarrior:**

maryrose, you're fired.

**12:39:43 AM maryrosedunton:**

oh, what I meant to say is after I found that 70%, I went and flagged it all for review

**12:39:57 AM tunawarrior:**

oh! of course.

**12:40:36 AM maryrosedunton:**

because we've got to work towards having a site 100% free of copyrighted material, ya know.

**12:40:54 AM tunawarrior:**

yes, error on the side of protecting copyrights. at all costs.

**12:41:12 AM maryrosedunton:**

too bad micah doesn't agree with us. we might have to fire him.

**12:41:48 AM tunawarrior:**

yes, sticking to our in-house 1 strike per employee policy.

**12:41:55 AM tunawarrior:**

love the guy to death, but rules are rules.
