BAAFamily — April 16, 2008 — Nick Jr's backyard friends, The Backyardigans, come to life for preschoolers in their brand-new live show, The Backyardigans Live! Tale of the Mighty Knights! Join Knights Uniqua and Tyrone as they embark on a quest to protect King Pablo's unpredictable egg. Along the way, Grabbing Goblin Austin and Flighty Fairy Tasha join the medieval mayhem as the runaway egg hatches feet and makes an unexpected dash all the way up to Dragon Mountain! The Backyardigans will need the audience's help to face a mighty dragon and return the egg to the king. The Backyardigans Live! will have the entire family singing, dancing and laughing along to songs of courage, friendship and the power of imagination.

Subject: ICED Media: Norbit Update 2/1

Norbit – Online Campaign 2/1/07

53 different sites are now featuring Norbit content we've serviced.

Attached is a spreadsheet with direct urls and # of clicks for the various viral clips that have been uploaded. The report below includes screen shots and urls from all the coverage thus far.

This week, we added the "Talking Dog," "Trump vs Rasputia," "Meet Rasputia" and "Don't Adjust My Seat" clips to various sites. The 4 exclusive clips have now been serviced and should all be up by tomorrow. Blackfilm already has theirs up. Prize pack contests are slated to start going live on Monday as well as the E-card syndicated contest.

The gag reel, trailer and 4 other Norbit clips have over 230,000 combined views.

We've passed along a lot of press requests that have not yet been fulfilled. Please let us know what interview opportunities we'll be able to facilitate. We have a lot of sites waiting on this.

Our (celebrity/entertainment) blog contest with the E-card launches this week. We're setting up a contest page where entrants can create their own Norbit e-card, putting their faces into still images from the movie (there are 6 different e-card templates)

After they've sent the card to their friends, they'll send us the URL of the card along with their info and the site where they saw the contest. We'll put their image into a gallery on the contest page. We'll select one winner at random, who will win a "Dinner and a Movie Date" package (basically a \$200 Visa gift card for them to use for a nice dinner and movie)

Norbit – Online Campaign 2/1/07

53 different sites are now featuring Norbit content we've serviced.

Attached is a spreadsheet with direct urls and # of clicks for the various viral clips that have been uploaded. The report below includes screen shots and urls from all the coverage thus far.

This week, we added the "Talking Dog," "Trump vs Rasputia," "Meet Rasputia" and "Don't Adjust My Seat" clips to various sites. The 4 exclusive clips have now been serviced and should all be up by tomorrow. Blackfilm already has theirs up. Prize pack contests are slated to start going live on Monday as well as the E-card syndicated contest.

The gag reel, trailer and 4 other Norbit clips have over 230,000 combined views.

We've passed along a lot of press requests that have not yet been fulfilled. Please let us know what interview opportunities we'll be able to facilitate. We have a lot of sites waiting on this.

Our (celebrity/entertainment) blog contest with the E-card launches this week. We're setting up a contest page where entrants can create their own Norbit e-card, putting their faces into still images from the movie (there are 6 different e-card templates)

After they've sent the card to their friends, they'll send us the URL of the card along with their info and the site where they saw the contest. We'll put their image into a gallery on the contest page. We'll select one winner at random, who will win a "Dinner and a Movie Date" package (basically a \$200 Visa gift card for them to use for a nice dinner and movie)
