 Subject: Bundesliga - lawsuit risk

Hi Patrick,

I spoke with Bundesliga yesterday. The risk of lawsuit is very high as they told me that they told me that they're in deep discussions with Premiership to join the "class action" against us. Again a lawsuit by Bundesliga before localisation would be damaging. I suggest to go to Frankfurt with Adam Coates to show them the CVP/CYC tools and discuss about our ongoing development regarding fingerprinting.

What do you think?

Tony
