New Nacho Libre Date
Par shifts opening day.

by Stox

March 28, 2006 - Paramount is shifting the release date of the new Jack Black comedy **Nacho Libre** from June 2 to June 16. No reason was given for the change of dates. The closest competition Nacho faced at the box office on June 2 was *X-Men: The Last Stand* on May 26 and *The Omen*: 666 on June 6, both from Fox.

The new June 16 date gives Nacho a slot in-between two other big summer movies: Pixar's *Cars* on June 9 and Warner's *Superman Returns* on June 30.

Nacho Libre stars Black as Ignacio (friends call him Nacho), a cook by day in a Mexican orphanage, who moonlights as a Lucha Libre wrestler to raise money for the orphans.

Jared Hess directed the film from a script he co-wrote with Jerusha Hess and Mike White. The cast also includes Ana de la Reguera, Hector Jimenez, Richard Montoya and Peter Stormare.

Report: Apple researching iTunes movie service

02.28.06 | iTunes | 4 comments | [Add to iLounge](#)
Apple appears to be gauging interest in a potential iTunes movie service. According to a report by AppleInsider, a consumer survey distributed by Califronia-based research firm Strategy Analytics, participants to answer a series of questions related to an iTunes movie service "that would offer full-length movies for download to a computer or iPod."
"The iTunes service would provide access to 1,000 movies on demand which can be downloaded to your computer or iPod if it is connected to your computer," the survey reportedly reads. It also mentions providing access to the movies on a monthly subscription basis for \$9.99 or a la carte purchasing of movies for \$12.95 each.

Jack Black's Nacho takes a "poop-ah" Libre

Jack Black returns with two more behind-the-scenes "confessionals" from the set of his new film *Nacho Libre*. In the first new digital short he hilariously (and seriously, I almost fell out of my chair laughing at this one) discusses the intricacies of taking a messy poop at a secluded Mexican shooting location. And in the second he laments the less-than-prominent appearance of his "package" in the still photos of him in his Luchador costume that have been released to promote the film. He's also rocking quite the dandy "purty shirt" in the last clip, which is entertaining in and of itself.

"I am Nacho, the Luchador..."

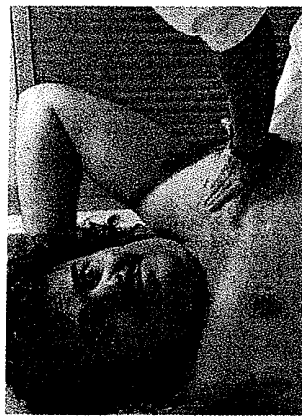

Not too long ago I posted a link to a trailer for a short of behind-the-scenes film *Nacho Libre*. The digital short, new to the site, was a promotional effort for the production of the Mike White film *Jack Black's Nacho Libre*. I learned, Jared Hess (creator of *Nacho Libre*) and I were going to go away all over Mexico, where the film was shot in full.

Jack Black gets confessional about his Nacho recipe

Okay, so I've never seen a trailer for what is basically a series of trailers for a movie. Until now that is. Basically what you have here is a sneak preview of a series of behind the scenes video soliloquies from Jack Black about his experience making Nacho Libre. There's a lot of footage of him pronouncing around in lights and a scene of him getting his chest waxed (screen-capped above) and some stuff telling you that the video diaries will be available from the iTunes and Quicktime sites.

Nacho Libre Video Diary Teaser

During the filming of *Nacho Libre*, Jack Black recorded a video diary that Quicktime is now releasing in short sections, two a week. In preparation, here's the teaser for the diaries. Normally I wouldn't get too excited about a preview for a video diary--sort of a supplement for a supplement--but this one's got Jack Black having his chest waxed. Up until now, all I've had is a picture of Jack Black's head pasted on the body of some other guy (he's Indian and possibly a dwarf) having his chest waxed, so you can see how this is a big upgrade for me. Now if someone would only get me a shot of Tony Danza shaving his legs, the collection would be complete.
