Just finished with Blair. He's agreed to do "great things" with the Blade trailer and has put me in touch with his programming guy. I'll get it over to him later today and keep you posted.

Fansites have the stuff, got the old Blade MySpace page going. On the other sites, Break won't happen - they're tapped right now. I'll triple check with New Line on other sites' placements...but I agree with Steve, need more "editorially-driven" clips for coverage.

IFilm's gotta place the trailer for us.

Pretty sure these weren't part of our placements (Dario can confirm or make me look like a dope), but we did hand out a version to the fan community to post as they see fit. I'll get an exact number of streams that has spawned. That being said, I'm meeting Blair for breakfast and will ask him about it. Doesn't seem a fit editorially for Break, but one we get footage of Jill and Jessica from the Women of Spike thing, that might work for them.

We are "leaking" Dudesons/Roofs stuff out on Break and YouTube next week.

Hi Kevin,

Attached is a list of content for our movies that we culled together. Let us know if you would like more specifics estimates. I also included the two director profiles we have (the general Paramount and a Jackass profile). I'm going to create a Last Kiss profile as well.

Thanks so much for taking the time to talk about some of the exciting upcoming developments. We'll start working on posting the immediately available videos to our Paramount account as we discuss how to approach the upcoming content plan.

Thanks, Kevin!

Hi Kristina,

Was wondering if you're free for a call some time next week to discuss next steps for working together. I just got off the phone with Sara and explained that I'd willing to discuss promotional commitments in exchange for a plan for regular content delivery. Please let me know what days are best for you next week (I'm out of town on Tuesday, but rest of week is pretty flexible). Thx.

Hey Tamar,
Attached is the document with various youtube links we'll be working with.
I'll be grouping them this weekend before we circulate.
We just started getting out the trailer links and Steve-O game.
Below are a few sites that have put them up.
I'll get together a report to be sent to everyone early next week after more have gotten involved.
I think the weekend will get us a bunch more.
Hit me back if you've got any questions.
Thanks,
Scott

Hey Scott,

Check out the video clip attached. It is from the filming of the Wolfmother / Jackass video. I am going to work with Interscope and have them leak it. Once they do, you can use it as well. I am going to speak with them tomorrow, so I will keep you posted.

Thanks!

Carly asked us to clear some pictures, and we did. Now she wants permission for the attached video clip. I thought you guys were the right people.

Randy,

We need to get into the attached video clip, the pictures from the video that were sent to you recently as well as a handful of other marketing pieces. The September release date is coming up very fast. I know my office is working with Carly to set up a meeting and screening for next week.

This is a short clip from one video camera that was at one location from our Wolfmother shoot. The band thought it would be a cool idea to leak a renegade style :30 piece on you tube or similar to get people wondering about and talking about the video.

We know this would need to get cleared by Jackass/Paramount/MTV folks, so please let us know the best way to get this done. Ideally we would love to get this up by the weekend.

Let me know if you need anything from me. We appreciate the immediate attention,

TS

Jackass The Movie: Number Two
ONLINE MARKETING WEEKLY UPDATE
8/11-8/18
Client: Paramount Pictures
Project Run Dates: 8/3-9/22

The Jackass online campaign continues to pick up with 31 different sites featuring content we've provided. 19 sites are currently featuring the trailer, 11 sites have the Steve-O game, 7 sites have the Wolfmother clip and 5 sites are featuring other Jackass clips. Feedback from almost everyone we've reached out to has been extremely positive and people are already asking for clips, more photos and contest opportunities.

Our list of Jackass related YouTube content has been serviced to a number of sites including Cracked, where we'll be setting up top 10 lists of past antics. The Wolfmother video clip and pending full length video will continue to open up new sites for us. Rock and alternative sites have already responded well to the 40 sec clip we just serviced.

It looks like we'll have 20 DVDs and 20 signed one sheets to work with for contesting. We also have some official Jackass The Movie books from the first film. If we're able to secure a few pair of the promotional Converse, that will really help with the lifestyle sites we work with. We haven't heard back from you regarding the New Era opportunity, so I'm assuming we won't have time to turn that around.

If you have any questions, please feel free to contact me at 646-753-6401.

Thanks,
Scott

YouTube is already part of our marketing strategy for this show. I will call you today to make sure you're not having someone on your team double up on any of our efforts....
