Hey Guys, I will be in late today. I forgot to tell you Gene yesterday. I have an all morning appointment. Most likely I will be there around 1pm. If there is anything urgent please call rather than send an email.

Gene, please just continue to scan the site for American Idol clips and por= in addition to keeping the inappropriate clean. Also, in between this please continue to go through the private videos and remove the porn. Remember in the private videos don't strike the porn, just reject it.

See you guys later!

Heather
