Tyler's Titanic

By BERNARD RYAN JR.

On a lazy day at the beach, young Tyler's dog Spoofer digs a hole in the sand. The ocean pours in and suddenly the shoreline recedes as far as the eye can see. The boy and his dog walk out along the Atlantic Ocean floor until they come upon the wreck of the Titanic. The ghosts of the crew tell them the real story behind the sinking of the great ship. This early chapter book offers a wonderful cook's tour of the Titanic. The impressive debut of a talented new children's author, Tyler's Titanic is a charming story that will delight young readers, their parents and teachers.

"This is such a great site that I have been known to sneak into an Internet café while out writing and check a fact rather than go into a bookshop and buy a copy of Harry Potter (which is embarrassing). A website for the dangerously obsessive; my natural home."
