FIRST ENDORSEMENT

Deputy Commissioner, Strategic Initiatives to Chief of Department (attn: Chief of Patrol), September 4, 2009. Contents noted. An evaluation of Crime Classifications in the 81 Precinct revealed that 5 (1.8%) of 280 Complaint Reports reviewed were misclassified. It should be noted that 3 of the 5 misclassified reports were prepared by outside commands. They were, however, signed off by an 81 Precinct Supervisor. Supervisors and members assigned to Crime Analysis must review the guidelines contained in the Crime Complaint Reporting System Reference Guide. The command has shown no improvement in the area of Administrative Compliance. The Commanding Officer must ensure Complaint Reports are finalized in accordance with Patrol Guide procedure 207-1. Additionally, the Commanding Officer must provide an explanation as to why 45 (35.2%) Lost or Stolen Property / Identity Theft forms were improperly prepared or missing in instances where they were required. This is totally unacceptable. The integrity of the Crime Complaint Reporting System is compromised when required reports are improperly prepared or disregarded altogether. The Commanding Officer, Patrol Borough Brooklyn North is to review this matter to ensure that deficiencies disclosed in this report have been corrected. A report of the results of that review, including copies of the Complaint Follow-Up Reports prepared to correct the misclassified reports is to be forwarded no later than Friday, October 2, 2009 to the Commanding Officer, Quality Assurance Division, through this office. Forwarded for your information and necessary attention.

Michael J. Farrell
DEPUTY COMMISSIONER
