11 CIV 3562 (THK)
ECF Case

**DECLARATION OF
JENNIFER NORRIS**

I, Jennifer Norris, declare as follows:

1. I am the Director of Major Gifts at the Union of Concerned Scientists, Inc. (UCS).
2. UCS is a membership organization incorporated under the laws of the Commonwealth of Massachusetts. It is recognized as a not-for-profit corporation under section 501(c)(3) of the U.S. Internal Revenue Code.
3. UCS currently has approximately 80,000 members nationwide. These members include scientists, doctors, businesspeople, teachers, students, parents, and other citizens.

4. My job duties require me to be familiar with UCS's mission and work.

5. UCS combines rigorous scientific analysis, innovative policy development, and effective citizen advocacy to achieve practical environmental solutions. Sound science guides the organization's efforts to secure changes in government policy, corporate practices, and consumer choices that will protect and improve the health of our environment globally, nationally, and in communities throughout the United States.

6. One of UCS's missions is to ensure that all people have food that is produced in a safe and sustainable manner. To that end, UCS has worked for over a decade to eliminate routine, nontherapeutic uses of medically important antibiotics in livestock.

I declare under penalty of perjury that the foregoing is true and correct, to the best of my knowledge, information, and belief.

Executed on September 28, 2011, at Cambridge, Massachusetts.

Jennifer Norris
