Book Description

Publication Date: **November 16, 2011**

The Battle of Yorktown is a proud and exciting story, boldly written with stirring narrative that is filled with vivid first-hand accounts from great leaders such as General George Washington and Lord Cornwallis, as well as from common soldiers such as the battle's most dedicated diarist, Lieutenant Ebenezer Denny. Some sensed that there was something more to this siege of a British garrison trapped in a Virginia port city; that if the Americans won, the world would be turned upside down. Fleming documents every critical stage of the battle and even includes such little known after-battle incidents as the details on why Congress greeted Washington's news of victory with embarrassment. The result is an invaluable account of the battle that secured American independence.

★★★★★ **Big Numbers Is Big Fun** November 20, 2012

By Ilja

Format: Paperback

Given the horror stories we hear about the state of public education, I'm not entirely sure for whom this little book was written. Parents or kids, I mean. I'll take a stab though, that if you're the parent of a little one (or a teacher of lots of little ones) fascinated by the hard sciences - biology, chemistry, physics, and the math that goes along with them - "Big Numbers" might serve as a good refresher for talking about these things and encouraging that young, curious mind along the path of research.

From the expanse of the cosmos to the subatomic, from fruit flies, ecological concerns, DNA, and on through the

Search Customer Reviews

Only search this product's reviews

Advertisement

usefulness of the number "0", these brief (a half-page of text and a picture with each!) articles serve as a good primer for further investigation into the stuff of life.

A quick example: "In the Malheur National Forest in the Blue Mountains of Oregon there is a species of fungus called *Armillaria ostoyae*, more commonly known as the honey mushroom, that covers 891 hectares (2,200 acres) of land. On a piece of land that size you could fit 1,220 football pitches. But this honey fungus has been taking its time growing to such an incredible size, and it has probably been there for 2,500 years." - p.46, Big Numbers, "the largest living thing"

Big Numbers is big fun, and an excellent approach to the complex, and endlessly fascinating construct that is our universe. Parents, be warned. The "whys" will be coming fast and furious after nearly every article.

Book Description

Publication Date: June 1, 2001

For the millions of fans who have made Britney Spears the hottest female singer in America comes a parody that takes the reader into the Adrian-Mole-ish world of a California teen! Dear Diary; I admit it. I've been following Britney Spears since she was a Mouseketeer in a training bra. I'm not proud of it, but at least I'm honest. That's why I know something happened to Britney before the MTV Awards. That wasn't Britney up there, and that's not her out there now! I have proof. The Britney we know and love is missing. Abducted. Replaced. By a three-headed alien...and now that alien is after me...

Editorial Reviews

Amazon.com Review

For Liz Barlowe and her best friend Chad Carter, a chance to meet pop star Britney Spears would pretty much be the pinnacle of their adolescent careers. Unfortunately, before they get the chance, a spaceship lands in their Los Angeles neighborhood, and Britney is abducted by aliens. "Drama," as the dry-witted Liz likes to say. Liz and Chad take it upon themselves to save Britney--and the world--from the devious alien leader, Dr. Osco, a.k.a. Bridget, and her silver-suited henchmen. Ideally, of course, they'll also meet the cute blonde singer herself in the process, and maybe even get to hang with her. Or at least sing backup to "Oops!... I Did It Again." But saving the world (and Britney) is a lot harder than one might think. When aliens aren't controlling the minds of the youth of the world, leading them to rebel against the grownups ("We've labored under the oppressive thumbs of the adults long enough! Britney is our only friend!"), they're trying to chase Liz and Chad through space gates into other planets on the far side of the moon. But the two persevere, and ultimately prevail, although Liz isn't entirely satisfied with the outcome...

Mel Gilden's send-up of L.A., American teens, Hollywood, UFOs, and Britney Spears is just goofy enough to appeal to cynics, with enough pop culture references to be a draw for Britney fans as well. Unfortunately, it drags on a bit, although the alternating diary excerpts and narrative provide a nice balance. Entertaining fluff for those dry spells between new Britney albums. (Ages 8 to 12) --*Emilie Coulter*

More About the Author

> Visit Amazon's Mel Gilden Page

Biography

Mel Gilden is the author of many children's books, some of which received rave reviews in such places as School Library Journal and Booklist. His multi-part stories for children appeared frequently in the Los Angeles Times. His popular novels and short stories for grown-ups have also received good reviews in the Washington Post and other publications. (See new publications under his name at the Kindle Store of Amazon.com.)

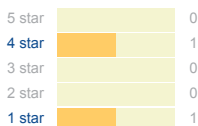

Licensed properties include adaptations of feature films, and of TV shows such as Beverly Hills, 90210; and NASCAR Racers. He has also written books based on video games and has written original stories based in the Star Trek universe. His short stories have appeared in many original and reprint anthologies.

He has written cartoons for TV, has developed new shows, and was assistant story editor for the DIC television production of The Real

★★★★☆ **Entertaining** May 10, 2003

Advertisement

By A Customer

Format: Paperback

While the title of the book may make you turn away, the content is amusing and you just don't want to put the book down. The book is cute about two friends in their teens following around an alien who has overtaken Britney's body. I recommend this book for pop music fans who don't want to take this book too seriously.

Book Description

Publication Date: **April 15, 2010**

"'24' meets 'The West Wing' in the most shocking political thriller of the year. This pulse-pounding political thriller has it all, riveting characters, a spellbinding plot and a shocking conclusion. Tightly wrought characters battle for survival as the plot hurtles forward at warp speed. Plan to stay up late. Highly recommended."
---VINCE FLYNN, New York Times Bestselling Author

"Frighteningly real, Capital Offense rivets you from the very first page. High-octane suspense, brutal deceit and premeditated murder escalate to an unforgettable conclusion. You'll think about this book long after you've read the last page. Impossible to put down."
--LEE CHILD, New York Times Bestselling Author

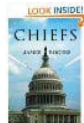

"The best kind of thriller . . . fast-paced, spellbinding and complex with a heavy dose of reality. Socially and politically relevant, CAPITAL OFFENSE proves Antrim has the heart of an investigative journalist with the adroit touch of a master novelist . . . A stunning debut."

"A political thriller with a razor's edge...You won't put it down!"

From the Inside Flap

IS THE FIRST LADY PLOTTING TO OVERTHROW THE PRESIDENT?

This questions seems inconceivable to journalist Jack Rudley, but so did the murder of his own father, Senator William Rudley. Now his father is dead and all roads lead to the White House. Roads Jack must take if he's ever to know the truth. Roads twisted by deceit, revenge, power and murder. Roads First Lady Carolyn Alden Lane navigates with great skill.

When she learns she's a pawn in a deadly bid for the White House, her world comes crashing down. Driven by desperation, she refuses to take the fall alone. But how far will she go to even the score? Against all odds, Jack searches for the truth, a truth that may cost him his life, while Carolyn struggles to survive in a web of savage political corruption.

★★★★★ **Takes you into the backrooms of political power brokers** December 22, 2002

By Frank Luther

Format: Paperback

Kathleen Antrim's debut novel depicts a frightening tale of conspiracy in American politics. As an ambitious, but policy-driven prosecutor supports her husband's bid for the presidency, the reader is provided an engrossing tour through the bedrooms and back alleys that lie along the road to the White House. Carolyn Alden Lane endures abuse and infidelity in her effort to achieve a position from which to launch her political agenda. While at the same time, journalist Jack Rudly, faced with deceit, betrayal and multiple murders, is gripped by a mounting paranoia which propels him and the reader to a surprising climax. If you found the suspense and political intrigue of "Evil, Be Gone" titillating, continue the excitement with Antrim's "Capital Offense." - Robert John Estko, author of "Evil, Be Gone"

★★★★★ **Capital Offense** November 29, 2002

By C Kostalnick

Format: Paperback

Since my time is limited, when I do sit down long enough, I tend to favor business books. I have found many of the popular "top selling" books to be entertaining though the story and characters are gone from my mind as soon as I turn the final page.

Capital Offense has changed that thinking. For the first time in many years, I sat down to read a thrilling book that kept me intrigued and awake late into the night, It was a great page-turner that will still be in my memory years from now. Carolyn Lane is fabulous - her style and methodology are the envy of every strategic thinker. It is nice to read a book with STRONG female characters that work well with STRONG male characters.

Great job on a first book, Ms. Antrim. I cannot wait for the next one. I wish you the best of luck. Your talent is evident.

★★★☆☆ **Trying to find a reason to keep reading this**

I am halfway through this book and I'm wondering when it's going to take off. So many reviewers have called it "fast-paced," a "thriller," etc. I'm finding it plodding and dull. [Read more](#)

Published 7 months ago by K. Archer

By "Party Girl!"

Format: Paperback

I am an aspiring writer; and, if I achieve HALF the TALENT and SKILL that Kathleen Antrim demonstrates, my own career will be a success!!! I was captivated by the book--it has wonderfully interwoven story-lines (in fact, they are seamless) and sub-text.

I can only imagine that those with deep-seeded personality deficits may find this book unsettling--as the characters are so realistically portrayed in their human flaws and frailty. And, of course, it makes me wonder if I'll ever get to be this accomplished in my own career and life! I guess, in the meanwhile, I'll live vicariously through the wonderful success of Ms. Antrim!!! Kudos from one aspiring writer to one that's demonstrated she has already MADE IT!! (Isn't the taste of success SWEET!!)

Book Description

Publication Date: **September 30, 2001** | Series: **Cal McDonald Mysteries**

When the living, decapitated head of Cal McDonald's old buddy shows up on his doorstep, it launches the monster hunting private eye out of his familiar surroundings and into the nightmarish underworld of Los Angeles. There, Cal must face a savage pair of bestial killers and a bloodthirsty vampire as he strives to help his unfortunate friend. Little does he know that he's stepping into the grips of a demonic deal. Hard-boiled detective tales in the tradition of Chandler and Hammett take a wicked spin in the hands of Steve Niles who in Guns, Drugs, and Monsters adds ghosts, ghouls, and a nasty hangover to the classic genre.

Editorial Reviews

About the Author

Steve Niles is the current writer of the monthly comic book HELLSPAWN and Image Comics series FUSED! He has also contributed to several issues of SPAWN, SAM & TWITCH, and is co-writer with Todd McFarlane on the upcoming SPAWN 2 movie. His first comic for IDW Publishing, 30 DAYS OF NIGHT, has become one of the hottest titles in recent memory, and will be made into a major motion picture with a screenplay by Steve himself. Steve began his career by founding his own publishing company, Arcane Comix, where he published, edited and adapted comics and anthologies for Eclipse Comics. His adaptations include works by Clive Barker, Richard Matheson and Harlan Ellison. He has also written for Dark Horse Comics, contributing to titles such as DARK HORSE PRESENTS and 9-11: ARTISTS RESPOND.

Originally from Washington DC, Steve now resides in Los Angeles with his wife Nikki and their two black cats.

Artist Ashley Wood was born in Australia in 1971. An award-winning artist and commercial illustrator, his art is published worldwide on a monthly basis and he has participated in both jointing and solo fine art exhibitions.

A Spectrum Award winner, he has also worked on numerous television and movie projects.

His work can be seen quarterly in the pages of IDW Publishing's POPBOT, as well as in the upcoming C.S.I. Comic. IDW is also the publisher of Wood's art books UNO FANTA: THE ART OF ASHLEY WOOD and DOS FANTA: MORE ART OF ASHLEY WOOD. --This text refers to an out of print or unavailable edition of this title.

Biography

Steve Niles (born June 21, 1965) is an American comic book author and novelist, known for works such as 30 Days of Night, Criminal Macabre, Simon Dark, Mystery Society and Batman: Gotham County Line.

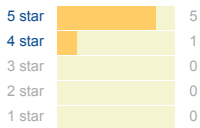

He is credited among other contemporary writers as bringing horror comics back to prominence, authoring such works as 30 Days of Night, its sequel, Dark Days (IDW Publishing), and Criminal Macabre (Dark Horse Comics) with frequent artist collaborator Ben Templesmith.

6 of 6 people found the following review helpful

★★★★★ **Guns, Drugs & Monsters is a Winner** January 4, 2003

By [Craig Zablo](#)

Format: **Paperback**

STEVE NILES writes a mean hard-boiled novel. He also writes a wicked horror novel. What makes NILES unique is that he does this in the same book! Guns, Drugs and Monsters is actually the second in a [hopefully long-running] series featuring Cal MacDonald. Cal is a human with the gift / curse that he knows that monsters walk among us. He knows this because he hunts them. Well, a guy has to make a living somehow, doesn't he? NILES skillfully combines the best elements of CHANDLER and HAMMETT along with a dose of KING, plus a good bit of humor as well. I read through Guns, Drugs and Monsters in nearly one sitting [it's that much fun]. It also features spot illustrations by ASHLEY WOOD that are the icing on the cake. I've already ordered Savage Membrane [the book that started the series]. If it's just half as good as Guns then I'll still have a winner.

1 of 1 people found the following review helpful

★★★★★ **The day of the monsters is at hand. << Stephanie G** November 8, 2004

A Kid's Review

Format: **Paperback**

Steve Niles wrote a hard core novel that I just couldn't put down for anything. Guns, Drugs and Monsters is full of creativity, energy, wit and charm in every chapter. I found myself savoring every page of this book, often turning away to laugh and collect myself after being stunned by the incredible energy of the prose. This book was filled with nothing but "hardcore super stuff."

Not once I could of put the book down, it got my attention and held it in. (Guns, Drugs and monsters, A Cal McDonald mystery.) Cal McDonald has made a career helping and hunting the dark creatures that haunt the world and has made as many friends as he has enemies. to some he is friend and protector. but to most- those who prey on innocent humans lives- Cal is a sworn enemy.

I recommend you read this book because once you have a taste of Steve Niles style, you never want to get it out of your system.
