Hi Mr. Dowling,

I just left a message on your machine.

I'm trying to find the right person to talk with at Apple. We are book publishers and have used the imprint "ibooks" since the mid 1990s in the book trade. ibooks are distributed through National Book Network but had been distributed by Simon & Schuster for many years. S&S helped build the brand in the book trade taking over from Diamond Comics in the late 1990s.

We also license book product to Harper, S&S, Penguin, Macmillan, and Hachette among many others under our Byron Preiss Visual Publications (BPVP) imprint. Our ibooks titles are also in ebook format, sold through six different ebook distributors under our ipicturebooks entity. We have several thousand titles in the backlist.

I was hoping you could pass this along to the right person at Apple in order to discuss our ibooks brand and ebook titles for use on the new iPad.

Best wishes,  
John
