1 who had cobalt systems that they depended on,  
2 but PCs came along and they made it possible  
3 for the enterprise's programmers to work on  
4 PC.

5           So Micro Focus, it went public, as I  
6 understand, it was sort of a hundred million  
7 dollars plus company. Brian was the head of  
8 that. When I started working with him, he was  
9 just in the process of transitioning out of  
10 Micro Focus, and Family Systems is, so far as  
11 I know, it's an Isle of Man Company that he  
12 started as the business entity for his  
13 projects and ideas.

14       Q. How did you meet Brian Reynolds?

15       A. I have a brother-in-law named John  
16 Chester, who's also a very creative and  
17 talented individual, and he was working for  
18 Brian Reynolds and he introduced me to Brian.

19       Q. And that was around 1995 or --

20       A. Again, I haven't gone back to look up  
21 the dates, but it was -- it was shortly after  
22 I left Symantec. So probably '96 or I think  
23 '97 at the very latest. Mid-late '90.

24       Q. What was your role for Family Systems?

25       A. To answer that, I have to tell you a
