**ORDER**

**ROBERT W. LEHRBURGER, United States Magistrate Judge.**

As discussed during the conference held on June 2, 2021:

1. The parties shall continue to meet weekly to advance settlement discussions as set forth in Dkt. 339. The parties may modify the timing of when Plaintiffs will provide the pre-meeting agenda to a time frame other than two weeks before the respective meeting if they agree it would be preferable to do so.

2. The Court will participate in a settlement conference (of no more than three hours) with the parties once per month. The parties shall cooperate with my Courtroom Deputy in scheduling the conference dates. No later than three days before each such conference, (a) the parties shall jointly file a status report, including but not limited to identifying the issue(s) the parties would like to discuss during the conference, and (b) the parties may each submit an ex parte a letter of no more than three pages providing any additional information they think will be helpful in resolving the case.

3. The parties shall cooperate in providing specific documents or information requested by another party in aid of settlement. The parties shall also cooperate in

identifying and enlisting participation of stakeholders and persons with knowledge whose participation will materially contribute to productive settlement discussions.

4. By June 16, 2021, Plaintiffs shall provide to Defendants a proposed chronology for the order in which the issues set forth in Plaintiffs' Concept Document should be addressed. By June 30, 2021, Defendants shall provide Plaintiffs with any proposed changes or otherwise inform Plaintiffs that the chronology is acceptable. The parties shall then meet and confer to resolve any disagreement. The chronology is meant to be a working guide for progression of settlement discussions that may be modified by agreement on an ongoing basis as the parties see fit. Notwithstanding the foregoing, the parties currently plan to first address proposed Phase I Changes under II(C) and II(D) of the Concept Document, and Resource Assessment Planning under II(A) and (B).

SO ORDERED.
