still having some trouble http://www.streetfax.com doesn't seem as if anyt	about links to the home page means that you are e accessing the website from m. I have looked at this a few times and it really thing is blatantly wrong with it, so I have to get m and figure out exactly what's going on. So could ng questions for me?	
<ol> <li>If you try refreshing work? Refresh using C</li> </ol>	the page once you get the error message, does it tl+R.	
difficulties using (Intern	ser are you and the people who are having et Explorer, Netscape Navigator, Mozilla, etc) ? are you using (Windows, Mac, etc) ?	
3. What is the error me	issage you're getting?
