Ageing curve by SPME - black ballpoint pen ink

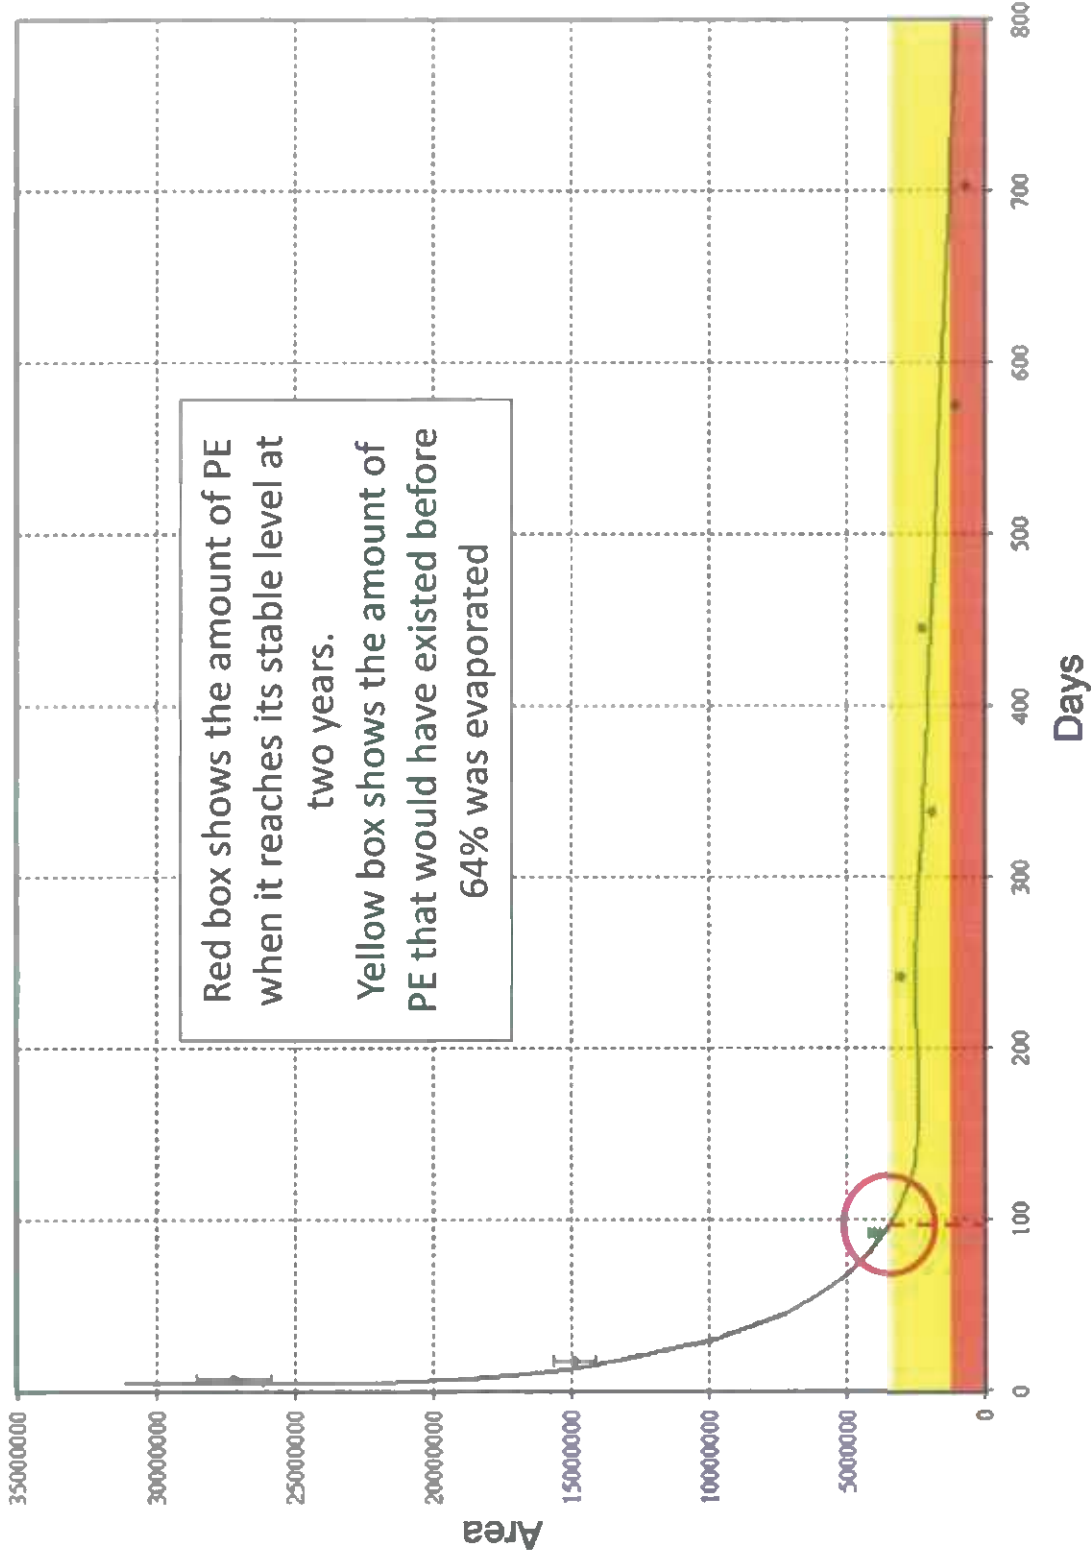

FIG. 10—Aging curve of black ink.

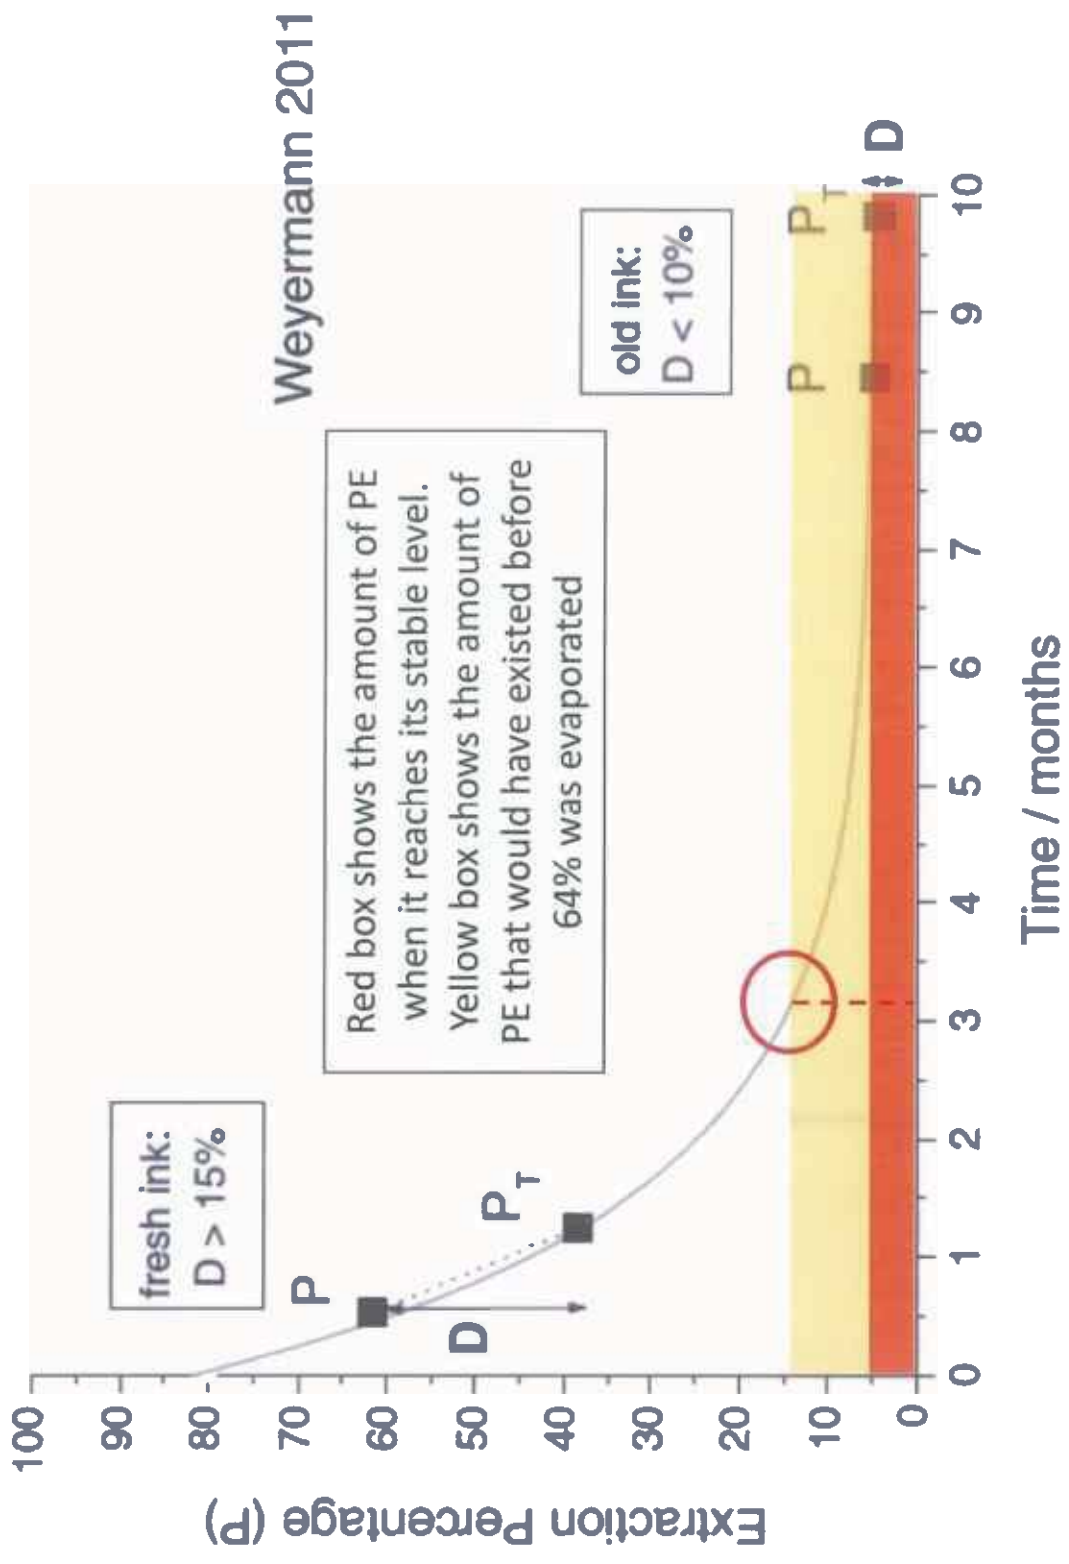

Fig. 6. Graphical presentation of the threshold values proposed by Aginsky [33] to determine a time frame within which a questioned entry has been actually written.

Aginsky, "Some New Ideas for Dating Ballpoint Inks – A Feasibility Study"

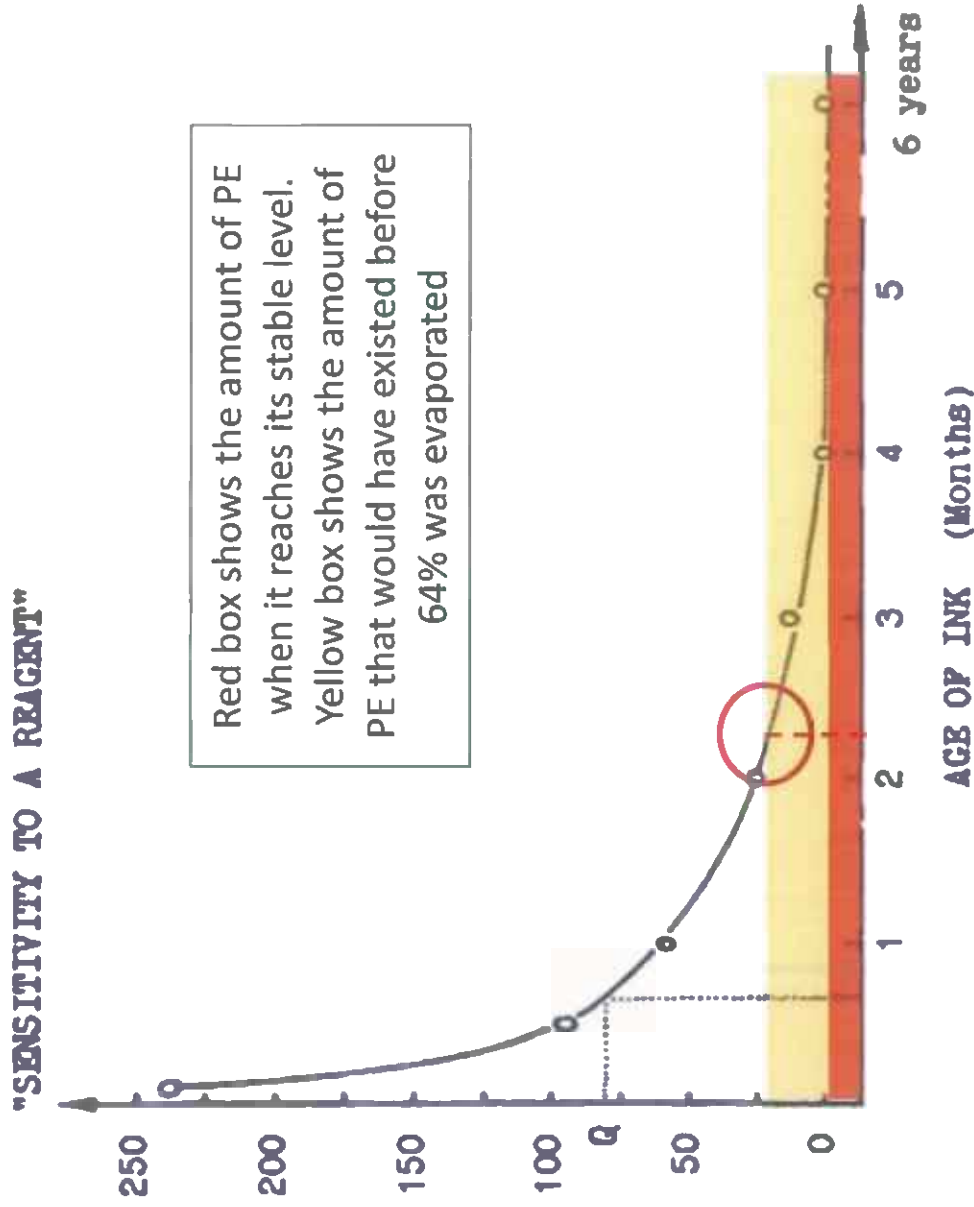

FIG. 4—Aging curve obtained for a Soyuz blue-violet ballpoint ink using the reagent-photometric technique.
