The screenshot shows a web browser window with a black header bar containing navigation links: [animation](#), [gallery](#), [movies](#), [screen plays](#), [classes](#), [about us](#), and [jobs](#). Below the header is a dark banner with the text "Welcome to the Lulu Studios".

The main content area features a large black box with the text "Sorry folks. We're just setting up." in white. To the right of this message is a "news" section header. Below the header is a sub-header for "PEGBAR™" and "volume 2, issue 1 2007".

The article text reads: "Pegbar Magazine comes back with a new volume—online! Oscar-nominated, Canadian animator Richard Condie (revered at film festivals internationally for his work in the golden era of animated wit and humour,) designs art and objects for this inaugural issue. Pegbar traditionally commissions cover designs, as signed, limited edition prints - highly collectable. A new tradition begins as we explore the wacky world of webmasters. Richard Condie, Pegbar cover designer for Volume 1, Issue 5, Fall 1986, returns to lead the art parade for the 2nd Volume. Music plays a role in the Grand Master's plans. Fans of "The Big Snit," "The Apprentice," and "Getting Started," recognize Condie's zany style. Later work includes computer

On the left side of the article, there is a cartoon illustration of a character with spiky hair and a large nose, holding a sign that says "5" and another sign that says "42¢". The word "Pegbar" is written in a stylized font above the character.

REPORTED OWNER INDEX

The following is an alphabetical listing of names reported in the OWNER field of records cited in this search report, with all marks owned by a single entity carried under that entity. (Due to inconsistent spellings, corporate designations, and other discrepancies in data collected from diverse sources, multiple listings of what are in fact the same owner may occur.) The Business Name, Domain Name and Gale Database sections of the report are not included in this index.

This tool is designed to facilitate your review of the search report and to help you identify trends in data. There has been no analysis made to determine if the company name listed is the actual owner of the trademark. In the case of USPTO listings, only officially reported owners are included; assignees are not considered owners for the purpose of this index.
