<sup>1</sup> The court notes here its order granting motion brought by defendant Exelis Systems Corporation to consolidate cases, which established case file no. 5:14-cv-33 as the master file, for reasons therein stated (DE 13). Where in case file no. 5:14-cv-340, a motion to consolidate was filed June 12, 2014 (DE 5), and corresponding motion in the master file (DE 37), the court sees no cause to delay its grant of that motion. For the same reasons, the third action now is consolidated, and case file no. 5:14-cv-33 remains the master file.
