Charlotte District Office
129 Trade Street, Suite 400
Charlotte, NC 28202

Dear Ms. Offe:

Please be advised that Sherryl L. Jacobs is not an employee of Robeson County Local Government. We do not handle the affairs of the Robeson County Public Library or the Robeson County Public Schools. They are separate entities and the charge for this case would be handled by those entities directly, they are governed by a Board separate from ours. We do not pay their employees nor do they provide any service for the Local Government entity. It is a public service but separate from; not a department that falls under the County Manager or the Board of Commissioners. This is the reason you have not received a position statement from us on this matter. If you have further questions regarding this matter I would suggest you contact the Public Library for Board information.

Sincerely,

Constance C. Young
Human Resources Director
