★★★★ A Great Performance And Excellent Picture Quality!,
December 17, 2003
By [highway_star](#) (Hallandale, Florida United States) - See all my reviews
TOP 500 REVIEWER

Southern Rockers Lynyrd Skynyrd's latest dvd is from their "Vicious Cycle" tour and was recorded in Nashville, Tennessee at The AmSouth Amphitheatre on July 11, 2003. After watching the dvd I'm convinced this is much better than their "Lyve From Steel Town" concert. The group sounds great and new drummer Michael Cartellone (from the Damn Yankees) sounds great as does new bassist Ean Evans who

Most Recent Customer Reviews

★★★★ The best Lynyrd Skynyrd ever
I'm listening to Skynyrd Songs for over 30 years now, and the bands style affected my own guitar playing style and the sound of my band a lot. [Read more](#)
Published 1 month ago by kawa1962

★★★★ Skynyrd Lyve
Awesome Concert Skynyrd at it's best. A must have for Lynyrd Skynyrd Fans and you southern rock collection. Video quality is great and so is the sound
Published 2 months ago by G. Svendberg

replaced longtime Skynyrd bassist Leon Wilkeson who passed away recently. The band includes songs from their latest cd "Vicious Cycle" such as "That's How I Like It", "Pick'Em Up", "Red White And Blue" and "The Way". For the first time Skynyrd uses a small orchestra which definitely is a nice addition and classic songs such as "Tuesday's Gone" and "Freebird" sound better than ever with the use of the orchestra. The band goes thru their classics such as "What's Your Name", "I Know A Little", "Gimme Three Steps", "Call Me The Breeze", "Sweet Home Alabama", "Simple Man", and a medley of "Gimme Back My Bullets", "Double Trouble", and "The Ballad Of Curtis Lowe". On "Travelin' Man" lead singer Johnny Van Zant alternates singing with his brother, the late Ronnie Van Zant by means of having a screen placed above the group on stage with Ronnie shown singing (from one of the group's 70's concert footage) part of the verse which is recorded perfectly in sync with Lynyrd Skynyrd as they play along. The picture quality of this dvd is excellent and there are a lot of closeups of Ricky Medlocke, Huey Thomasson and Gary Rossington playing and alternating guitar licks. The sound quality of this dvd is superb for the most part except that on some songs Huey Thomasson's guitar is not as loud as the other guitarists. This dvd is an absolute must have for Lynyrd Skynyrd fans and those who enjoy listening to seventy's southern rock. Buy it, I guarantee you will not be disappointed. Highly Recommended!

★★★★★ **The Vicious Mott Review**, July 18, 2004

By **Kim Fletcher**  (Pattaya, Chonburi Thailand) - See all my reviews

TOP 1000 REVIEWER REAL NAME™

Lynyrd Skynyrd is living proof that nothing stops Rock 'n' Roll, and that you cannot keep a good band down. Over the years the Skynyrd have suffered from bad management, disagreements, and wrong decisions, coupled all the way with personnel tragedy. When the band was on the crest of a wave in 1977, and probably the number one touring band in America, they suffered an infamous plane crash that took away the lives of lead singer Ronnie Van Zant, lead guitarist Steve Gaines, and backup singer Cassie Gaines, leaving the rest of the band with multiple injuries in hospital. Although Allen Collins recovered from paralysis enough to perform live on stage again, his life - as well - was taken from the band by an untimely car accident. Then, at the start of the recording of the album for this tour 'Vicious Cycle', the life of bassist Leon Wilkeson (the cat in the hat) was taken from the band in July of 2001. It says mountains about the present band members as they keep the Skynyrd Southern flag flying.

The band's roots can be traced back to 1964, when a certain Ronnie Van Zant started singing lead vocals for guitarist Gary Rossington's school band, but this DVD has been released in celebration of thirty years of recording under the Lynyrd Skynyrd banner, starting 1973 with their first album 'Pronounced Leh-Nerd Skin-Nerd' (named after the nickname of the boys' high school gym teacher). It was not until then they started their meteoric rise to stardom.

After the plane crash it took ten years before a band went out on the road under the Skynyrd moniker as a tribute to their fallen brothers. The tour was such a success that it was decided to keep the band permanent, and to tour and record further albums.

★★★★★ **Great Value**

This video is well worth the money. We play it often for parties and other events. It is a favorite among guests!

Published 10 months ago by Music Man

★★★★★ **Rock-on!**

This is an incredible dvd! Make sure you turn your volume up high! Almost as good as being at one of their concerts. Highly recommended.

Published 12 months ago by Jo A. Gave

★★★★★ **Brad**

WoW !!! what a concert .. well worth any money This dvd is great with sound as well as pic. a MUST have for any skynyrd fan!!! 100 stars

Published 12 months ago by brad

★★★★★ **Lynrd Skynrd - Vicious Cycle Tour**

Great show. The band is in great form. This is one you don't want to miss.

Published 12 months ago by James T. Davis

★★★★★ **They're back**

For fans of Lynyrd Skynyrd, this new line up is every bit as good as the original line up. The quality of the video and audio makes this a great DVD to have in your music library.

Published 15 months ago by C. Kosky

★★★★★ **Cannot put the CD away**

This is a wonderful CD. All the old Skynyrd stuff is there and some newer cuts too. This version of the band is very solid.

Search Customer Reviews

Only search this product's reviews

At first the lineup was quite liquid, but over the last ten years or so it has stabilized to the present formation, which could wipe the floor live with any band that has ever trod the boards. Two original members are still there from the classic lineup. Gary Rossington, from the original three pronged guitar attack, one of the meanest slide guitarists on the planet; and Billy Powell, the only man who can really play that beautiful piano intro to Freebird. Joining them are Ronnie Van Zant's brother, Johnny Van Zant , on lead vocals; Rickey Medlocke on lead guitar, he used to front the magnificent 'Blackfoot'; and completing the triple axe barrage is Hughie Thomasson (ex 'The Outlaws', perhaps one of the most underrated country/rock bands to come out of the south).

Then replacing Leon Wilkeson on bass is Hughie Thomasson's old band mate Ean Evans. Powering the band from behind the skins is Michael Cartellone. You have to be a very fit young drummer to keep up with these cats. Carol Chase and Dale Krantz Rossington add backing vocals, bringing the Lynyrd Skynyrd contingent up to nine. If they were not flying under the Skynyrd flag, they could truly be called the Southern Rock All Stars.

For this special concert to be recorded for a live CD and DVD, they have also included a brass and string section to add more dynamics to the sound. But do not fret, you hardened Southern Rock fans, it takes none of the Skynyrd gruff vocals and roaring guitars out of the mix. In fact, this is the best I have ever seen or heard the band play, and that is from someone who saw the band twice in the mid Seventies.

Neither is this just a run through of greatest hits from a bygone era. The newer songs are mingled in with the older classics, and believe me, you cannot hear the join.

Off the new album 'Vicious Cycle' (2001) come two of the concert highlights. The song 'Red, White, and Blue' is the most patriotic song ever recorded. With its wonderfully emotional chorus of "My hair is going white, my neck has always been red, and my collar is still blue," it certainly brings a lump to the throat.

At the end of the set another 'Vicious Cycle' song, 'The Way', fits in perfectly between 'Sweet Home Alabama' and 'Freebird'. Now you have to stand pretty tall to stand side by side with those two.

Pop down to Tahitian Queen on Beach road for their famous Rock 'n' Roll Happy Hour and request any song from this DVD to be put on the screen. You will not be disappointed.

"I hope Neil Young will remember."

Viciously put by Mott The Dog
Cycled by Ella Crew

I love Skynyrd, the original line-up moreso that the current line-up. Bey hey, Johnny looks, and sings amazingly well like his brother, and hey, what a treat it is to hear those classics as well as newer material performed live some 26 plus years after the plane crash. The audio and video quality are impecable! I mean the sound is killer and the video is crystal clear! This is an amazing concert and the song selection I could not have done better myself. You know, other reviewers, such as srxfan 36 below, should shut their mouth, and can kiss my ass. To me people like that are just upset that somebody named Jimmie Vaughn didn't pick up the pieces to Double Trouble and roll with it! If that would have been done, all these SRV fans would be loving it. Personally SRV was an OK guitarist, and yeah, boo-who, he's dead, and so is Ronnie, but atleast Johnny's got balls to soldier on and honor his brother and the band they way Ronnie and all passed Skynyrd soldiers would have liked it done. As Ronnie said " Put that in your pipe and smoke it".

★★★★★ top top notch

Well, if you like this band you will love this

January 14, 2004

By [cd-heaven](#) (ROCK CITY) - See all my reviews

TOP 1000 REVIEWER

Wow, this DVD is incredible and a gift from the Heavens. How can anyone complain about this. People like Perbes from Spain and Kevin from Missouri need to shut their mouth about audio quality this, video quality that. Listen, if you are sitting on anything better we can watch of the original Skynyrd, then by all means start whining. But last time I checked, this release contains probably the best video and audio of the Ronnie fronted band around. So that makes me happy to see. Lastly, the video is from 1976, 28 years ago. If you're a true fan, you take what you can get, and leave the bitching to the losers with the \$10,000 TV's and Audio systems who can't get this in 16:9 picture ratio and 5.1 dolby surround sound! Long Live Skynyrd.

★★★★★ **What song is it you want to hear????**, January 4, 2002

By [Richard P. Mayhew](#) (Silver Spring, MD USA) - See all my reviews

REAL NAME

This review is from: [Lynyrd Skynyrd - Freebird the Movie \(VHS Tape\)](#)

I bought this VHS tape expecting a movie about the band, that is not what Freebird The Movie is. What you get is some incredible video tape of the band in various concerts from dates in 1976 to 1977. Most of the tape is from an Open Air Rock show that Skynyrd played in England. While most of the tape is in color, there are some parts that are in black and white, believe it or not that does not really detract from this film. The band plays 15 songs on this tape, they are as follows: Workin For MCA, I Ain't The One, Saturday Night Special, Searching, What's Your Name, Whiskey Rock-A-Roler, Travelin Man, Gimmie Three Steps, That Smell, Gimmie Back My Bullets, Cry For The Bad Man, Call Me The Breeze, T For Texas, Sweet Home Alabama and Freebird of course. The song Simple Man plays as the credits roll. There are interviews with band members (live and dead) family and frynds between most of the songs. While this tape does not tell the history of Lynyrd Skynyrd the band (for that look for the VH1 Behind The Music episode) or the terrible accident that happened to them on that October day 1977 it does catch them in all their splendor, both tragic and glorious all at once. There is indoor BW footage taken from New Jersey and from San Francisco, CA. The outdoor open air footage from England and from A Day On The Green in Oakland, CA is wonderful, flawless footage with spectacular sound. The segment from Oakland was filmed only 2 months before the crash, it will make you cry...be warned. From comparing the England footage against that of Oakland it is clear America has better looking girls (even in 70's duds) and better dentists. Two of the three surviving members have reformed the band and added Johnny Van Zant, Rickey Medlock of Blackfoot fame and one of the founders of the band The Outlaws...the Three Guitar Attack Lives! Let hope that the future for Lynyrd Skynyrd is filled with as much good fortune as the past was filled with bad fortune. Good film a steal at this price.

★★★★★ **Good.**

Well, I can't say I wasn't expecting better. For such a great band, this is a really poor dvd. Tho, it's still worth it, that's why I rated with 5 stars. **Read more**

★★★★★ **Lynyrd Skynyrd DVD**

Definately worth buying. The freebird movie has most of what you will need and expect. The live sound has been slightly remixed so sounds great too (still a live recording... **Read more**

★★★★★ **Lynyrd Skynyrd Freebird The Movie**

Excellent! Great interviews and video shows. See stuff you have never seen before! Best "Live band ever "

Published 9 months ago by Brenda S. Golden

★★★★★ **5 STARS FOR THE SHOW! 3 STARS FOR THE RELEASE!**

My first gripe with this DVD of Freebird the Movie is, it's not presented in widescreen! As far as the show goes, it's really good! I do have another gripe though. **Read more**

★★★★★ **Spinal Tap goes South ...**

It's a Skynyrd DVD,so what's the first thing you do? Forward to Freebird, right? But good luck finding it, and worse you don't really get to see what you want to see.

★★★★★ **5 Stars only because its Skynyrd.....**

I give this movie 3 stars for the audio, its horrible, the volume goes up and down all the time, dont understand that.

★★★★★ **Two Great Flicks for Skynyrd Fans** , September 13, 2006

By **JamesNYC "JamesNYC"** (New York, NY USA) - See all my reviews

The most memorable experience of my three years at Tulane in New Orleans happened one state over, in Biloxi, Mississippi. I was able to attend the Lynyrd Skynyrd Reunion Tribute Tour concert that is the subject of the second documentary on this DVD. For a kid from Montreal, it was a dream come true to be able to see the greatest Southern band of all time (one of the greatest bands from anywhere, for that matter) in their native Southland. I'll always cherish the memory of that night and will be able to relive it thanks to the "Lynyrd Skynyrd Tribute Tour" documentary that is one of two included in this DVD.

But Skynyrd fans will probably enjoy the first documentary, "Freebird the Movie," more. In it, you get to see lots of archival footage of the original group with lots of full-length, uninterrupted scenes of them playing songs like "I Aint the One," "Searching," "Call Me the Breeze," "T for Texas," "Whiskey Rock-A-Roller," "Travellin' Man," "Sweet Home Alabama," and, of course, "Freebird," at various locations, including lots of scenes from their show at Knebworth Fair, England in August of 1976 where, it has been said, they blew the Rolling Stones (who appeared later that day) off the stage.

I can't imagine a Lynyrd Skynyrd fan being disappointed with this one!

Album Reviews: 0

Occasionally, companies will throw consumers a bone and give them a good value. Artisan Home Entertainment has done this with 2001's Lynyrd Skynyrd DVD double feature Freebird: The Movie and Tribute Tour. Both these of these videos appear on DVD for the first time, and this low-priced, two-for-one disc exceeding three hours of playing time is a treasure. The DVD is not perfect -- the menu is clumsy and you can't access songs individually -- but these two videos existing in the digital domain is what's important. 1996's Freebird: The Movie captures the full glory of classic Lynyrd Skynyrd before the 1977 plane crash. Three concerts yielded the terrific live footage, primarily Knebworth Fair in Hertfordshire, England, on August 21, 1976, but also Convention Hall in Asbury Park, NJ, on July 13, 1977, and A Day on the Green at the Oakland Coliseum in Oakland, CA, on July 4, 1977. The incendiary version of "Free Bird" was filmed in Oakland. Interviews are included too, but the most unforgettable thing about Freebird: The Movie -- besides the superb performances under the watchful eye of vocalist Ronnie VanZant -- is the haunting, grainy home-movie footage shot on an airplane. Tribute Tour was filmed in 1987, ten years after tragedy destroyed the band. Narrated by Charlie Daniels, Tribute Tour is primarily a documentary with extensive interviews. Shows at the Cal Expo in Sacramento, CA, and the Shoreline Amphitheatre in Mountain View, CA, were filmed. Guitarist Ed King returned and guitarist Randy Hall was hand-picked by Allen Collins as his successor. It's sad to see Collins' condition -- he'd been paralyzed in a car wreck -- but he was visibly excited to watch the tour from the sidelines. He died three years later. Vocalist Johnny Van Zant sounds good, but his nervousness was obvious: over time, he became more relaxed and confident as Lynyrd Skynyrd's frontman. ~ Bret Adams, All Music Guide [-] Collapse
