Plaintiff moves to suspend the current expert disclosure deadlines and to reset the case schedule by order of this court at the status conference currently set for April 27, 2012 or at a subsequent date. The Defendants do not oppose this motion.

MEMORANDUM

The parties to this case have worked together amicably to reach an expedient and ultimate resolution. However, the parties have been unable to complete the depositions of certain potential witnesses who are incarcerated or reach an agreement on access to certain medical records maintained by Scioto County, Ohio. The medical record issue may require briefing and a decision by this court that will extend beyond the currently scheduled expert disclosure deadlines. In light of this, a status conference/informal discovery conference has been arranged with this Court for April 27, 2012 at 10:30 a.m. to discuss scheduling issues and to appraise the court of the nature of the discovery conflict. Plaintiff's expert reports are currently due on May 4, 2012. The pending issues will not be resolved before that deadline. Plaintiff respectfully requests that the current expert disclosure deadlines be suspended and the case schedule reset by order of this
