ORDER

This matter is before the Court pursuant to the Order of General Reference in the United States District Court for the Southern District of Ohio Western Division to United States Magistrate Judge Stephanie K. Bowman. Pursuant to such reference, the Magistrate Judge reviewed the pleadings and filed with this Court on February 2, 2017 a Report and Recommendation (Doc. 9). Subsequently, the petitioner filed objections to such Report and Recommendation (Docs. 13 and 14) which are the same.

The Court has reviewed the comprehensive findings of the Magistrate Judge and considered de novo all of the filings in this matter. Upon consideration of the foregoing, the Court does determine that such Recommendation should be adopted.

Petitioner’s petition for a writ of habeas corpus pursuant to 28 U.S.C. §2254 (Doc. 3) is DENIED with prejudice.

A certificate of appealability will not issue with respect to any of petitioner’s time-barred claims because under the first prong of the applicable two-part standard enunciated in *Slack v. McDaniel*, 529 U.S. 473, 484-85 (2000), “jurists of reason” will not find it debatable whether the Court is correct in its procedural ruling that such claims are subject to dismissal on statute of

limitations grounds.

With respect to any application by petitioner to proceed on appeal *in forma pauperis*, the Court will certify pursuant to 28 U.S.C. §1915(a)(3) that an appeal of any Order adopting the Report and Recommendation will not be taken in “good faith,” therefore DENYING petitioner leave to appeal *in forma pauperis* upon a showing of financial necessity. *See* Fed. R. App. P. 24(a); *Kincade v. Sparkman*, 117 F.3d 949, 952 (6th Cir. 1997).

IT IS SO ORDERED.
