ORDER TO THE CLERK OF COURT

Pursuant to this Court's June 4, 2012 Order, Petitioner filed a digital audio recording of a telephone conversation between his sister and a primary witness in his underlying state criminal case. In addition, he filed a certified transcript of this audio recording, as well as affidavits authenticating the recording and transcript. The Court has listened to the audio recording and compared it to the transcript, and confirmed that the transcript is accurate. Accordingly, the Court does not need to keep the digital audio recording itself in order to consider Petitioner's motion for relief from judgment. The Clerk is therefore **ORDERED** to mail the digital recording back to Petitioner.
