Subject: CAIR sues Oklahoma for banning Islamic law

You Muslims are such liars. Oklahoma passed a law that bans both Foreign Law and Shariah, yet Muneer Awad called the measure unnecessary and offensive IF IT UNNECESSARY WHY ARE YOU SO AGAINST IT?

A country can only have one set of laws and one culture. AND THAT IS THE US CONSTITUTION. Yet you trouble makers are always getting your nose bent out of shape for some perceived offense, yet ARE INCENTIVE TO ANYONE ELSE. THERE IS NO REASON THAT A MOSQUE HAS TO BE BUILT AT GROUND ZERO.

Not all of America is unaware of what the Muslims want to do, AND WE DON'T LIKE IT AND WILL NOT STAND FOR IT.

If your offended by America, or do not like the way your being treated, THEN GET THE HELL OUT. NO ONE IS FORCING YOU TO STAY HERE.

Islam is not a Religion it's a death cult and a form of government. America has no room for you. YOU HAVE TO CHANGE TO ACCEPT US, WE DO NOT HAVE TO CHANGE TO ACCEPT YOUR BACKWARD WAYS.

Subject: Attn: Muneer Awad - Imaginary Perils?

Dear Muneer,

Many Muslims in this country of the United States are missing something terribly important. This country was founded upon Judeo-Christian principles and its governing document is the U.S. Constitution. The United States is NOT governed by Shariah Law and I pray it never will be.

The idea that you or any Muslim group believes it is your right to sue Oklahoma because of the recent amendment they passed fully supporting judicial decisions relying only on the founding document of this country is not only unconscionable, but extremely self-centered of you.

There is NO room for two types of laws to exist in one country. A country that is divided will not stand, which is what many Muslims obviously want to happen here in America.

I pray that Oklahoma fights you tooth and nail and I pray also for common-sense among justices.

Shariah Law is best left to those countries that are already Islamic in nature, not a country which values personal freedom and enjoys the rights that are offered under the U.S. Constitution.

It is unfortunate that there are so many "moderate" Muslims in this country. They seem to be moderate in name only. Imam Rauf and Daisy are two. Apparently, they believe that Americans are stupid and by putting a mosque in the shadow of Ground Zero, it means nothing. It means everything if we can base that knowledge of Muhammad's own history of conquering and building. Wherever your prophet went, after conquering, he either destroyed or remodeled existing churches and synagogues into mosques. This new area is then dedicated to Allah.

You are doing nothing different, except you are not using a sword to accomplish it (nor is Imam Rauf). The reality is that if Muslims continue to push their agenda, instead of appropriating themselves to the laws that currently exist in THIS nation, there may very well be a legal backlash that Muslims have not expected.

I urge you to drop the stupidity. The United States bases its laws on the U.S. Constitution. There is no room for Shariah Law. If you desire it so much, then I would suggest moving to a country that already practices it.

Best regards,
Dr. Rev. Fred DeRuvo

The law passed two days ago by Oklahoma voters has absolutely nothing to do with international law trumping US law or any treaties the USA may have with any foreign nation. What you are trying to do with your lawsuit is to usurp the laws of United States of America. If you do not want to abide by the laws of the United States and our Constituion then move to the Middle East. Then you can beat and rape your wives all you want with no fear of legal repercussions. Take your Sharia law and hatred for anything non-Muslim and get the hell out of our country. You will NEVER assimilate the USA. Be careful how you test the resolve of the people of the United States. People are not going to stand idly by and let the same crap happen here that Muslims are doing in Great Britain and Europe in general.

Subject: Ignorance? Fear?

Ignorance? Are you ignorant that devout Muslims destroyed the World Trade Center and bombed the Pentagon? Are you ignorant that The Sunnis and Shiites are still fighting over an issue that became mute over three hundred years ago? Are you ignorant that your people claim your Koran demands death to all infidels? Are you ignorant that American law is based on English common law and not on religious law? Are you ignorant enough to presume Islam can be trusted when all this is true and you do nothing yourselves to stop this obscene behavior of your own people?

Fear? You bet your ass we're afraid. Afraid of a bunch of idiots who strap bombs on themselves to murder others. Afraid of idiots who drive car bombs into public gatherings. Fear of men who demean and beat their wives, justifying their right to do so on their religion. Fear of factions within a single religion that hate each other enough to generate mass murder. Fear of a religion that allows all this then has the audacity to say on its web site 'Peace be upon you.'

No, We're not ignorant about you. But we're rightfully scared to death of you.

Islam is evil.

In fact 70% of Oklahoma citizens are against sharia law too. If you do not like this country then go back to hamas (bunch of gay cowards). We Americans may bend but we will not break. Sir or Sirs,

I believe Oklahomans have every right to vote for what they want to vote for. After all it is the U.S. of A.

I have friends who live in England and they tell me some very unsavory things about Sharia law and the

people who implant it. Nothing positive about Sharia law coming from England.

CAIR would do well to project a much more all American image. Right now any one I speak to does

not trust your organization based on things like Sharia law.

This country lives according to our Constitution. It has been good enough for hundreds of years.

I am sure Muslims who don't like it can live in places all over this world that would make them much happier.

Subject: Re: Your Lawsuit against SQ 755

Dear Executive Director Razi Hashmi,

First, let me begin by acknowledging that I am NOT a native born American Citizen. I was born elsewhere and CHOSE to be an American Citizen, to adopt it as my country because of its freedom and its guarantee for us to pursue happiness. I assimilated to this GREAT NATION and I embrace all of it, the good, the bad, and the ugly.

Our Freedom is a GOD given right. So today I heard on the news and after going to your national website that your chapter of CAIR has filed a lawsuit against the Sovereign State of Oklahoma over the popular vote to keep both Sharia Law and International Law from being used in our State Courts.

You are going against the popular WILL of the people, that contrary to your charge, is not a racist policy, rather it is an affront to our founding principles of this great nation that you and millions of Muslims have CHOSEN to live in. Sharia in many ways is inconsistent, punitive, and in our point of view savage and cruel, and I stand and will stand in my opinion until the day I die.

The reason WE THE PEOPLE have chosen to support this Constitutional Law (SQ 755) is due to the NJ case of where a Muslim man repeated raped his wife, seeking sexual relations without her consent. NO WHERE in our Holy Bible, nor our Nation's Law does any person have a right to force any individual in such manner.

I personally believe as well as the majority of Americans, that we do NOT have nothing against Muslims living in the USA, but what we do object to the application of FOREIGN LAW upon our great nation and society. Sharia is not only Unconstitutional but contrary to our culture, our founding principles. I also will add that contrary to our president's opinion in his speech to the Arab world in Egypt, we are a Christian nation, founded on Judeo-Christian principles.

So I ask you, would Christian/Western based law be viable/acceptable in Saudi Arabia or any other Muslim run nation? Of course NOT.

I, as well as the majority of Americans feel that if you so wish to live in a nation whose law is Sharia then you are free to migrate. As for myself, my family I will unceasingly and relentlessly resist the islamitization of the United States of America. Much like I would EXPECT any Muslim in any Muslim nation to resist international/western law from being enacted the courts of their respective nation.

Your accusation of Oklahomans being racist is offensive to me and to all Oklahomans. It would do you a world of good to read our constitution, especially our establishment clause. There you would find "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof."

For us to have Sharia Law which is RELIGIOUS LAW, would be a violation of the establishment clause, not to mention, our BILL OF RIGHTS. Please familiarize yourself with OUR CULTURE, OUR WAY OF LIFE, & OUR CONSTITUTION. If any of it unacceptable to you, or to Muslims living in the USA then you have the FREEDOM to leave.

Finally, I unlike many Americans, have read the Quran. I find its portrayal of the characteristic and personality of Allah inconsistent with the God of Abraham, Isaac and Jacob.

I am also a follower of Christ, a person of The Book, I only follow the teachings of Isa (Jesus), and I will NEVER BE ASHAMED OF THE GOSPEL OF JESUS CHRIST. Just so you completely understand. If I lived in Saudi Arabia and under Sharia Law I would BE STONED AS AN INFIDEL.

Do what is right, what is American, drop the lawsuit. Your lawsuit serves only to raise the angst of a people. It does nothing to bring Muslim Americans and all other Americans to unity. You sir are bringing separation and promoting intolerance among our people. Your actions undermine your organizations name and mission "Council on American-Islamic Relations"

Thank you for your time.

Hello:

I lived and worked in Pakistan for 5 years in the 80s. I was expected to dress like the Muslim women, wearing a shalwar kameez and dupatta. I would have caused problems for myself if I had worn western clothes, even though I am a westerner and not a Muslim. I didn't try to persuade the local people to change their laws or customs for me just because I would have preferred to wear western clothes.

Why should Muslims come to the US and expect that our laws and customs should be changed just because Muslims don't want to be westernized, though they want the privileges of living in the west?

If you don't like the laws and customs of the US, then why not go back home? You don't have to change anything there—all the laws and customs you enjoy are already in place.

I think it is unreasonable to come to the west and expect to bring in Islamic laws. I wouldn't dream of doing that in Pakistan or any other Muslim country, even if I chose to live there on a long-term basis. I would expect to dress pretty much like the local women, and follow the local customs especially when in public.

Sincerely,

Marla Matthews

Why is this even an issue in the first place? We should never have to vote on barbaric Islamic law, it doesn't belong in America. Muslims, if you want Islam, go back to your countries. Go back to your own Islamic countries! Stop invading ours.

If you want to live in America, then shut up and live by American law and our Constitution. We're not interested in your stupid barbaric and backward "law."

- USA, a Judeo-Christian country. America has nothing whatsoever to do with barbaric Islam, Neanderthal shar'ia law, and worshipping a pagan moon deity. Which is why America is such a great country. Thank God Jesus.

Bravo Oklahoma! You did good! Stop barbaric Islamic law in it's tracks.

Islam/shar'ia law are for Losers.

I am a female and from the proud state of Oklahoma. As you have felt compelled to speak out against SQ 755, so do I! I proudly voted in favor of this state question and I am livid about your law suit! While you might be a minority in America, you have the same rights as any other minority in our great country. If you live in America, you abide by American laws regardless of your minority status. As you well know, this law does not restrict you from practicing your religion in America. It does, however, restrict you from forcing your minority religious laws on the majority of Americans. Our country was not founded on Sharia Law and we have no intention of ever using Sharia Law! Talk about your civil rights problems! Look how women are treated in your Islamic society under Sharia Law! If you are lucky enough to call the United States of America home, than you must be willing to abide by our laws and leave the Sharia law of your faith behind. You must assimilate into the American way of life as others have before you. If you do not like it, I suggest you return to the country of your choosing where you might abide by Sharia Law!

Dear Mr. Awad,

It is my understanding that you are the executive director for CAIR in Oklahoma. As the chapter leader for the Norway, Maine Chapter of ACT! for America, I am well aware of the issues surrounding the lawsuit your organization has launched against Oklahoma regarding the recent passage of 755 that prohibits courts from taking foreign law and specifically Shari'a law into account in deciding any legal issues.

You have clearly become totally transparent in your desire to implement Shari'a in this country. Put simply, sir, we won't have it. We will shortly put a bill on the floor in the legislature in Maine and I believe there are currently around 20 other states that will be doing likewise. Your legal fees are about to go through the roof and you will lose every time. The American people will not stand for your cultural jihad, not for an instant. Your radicals have awakened this sleeping giant, and we won't be lulled into believing your lies again.

Please answer just one question: Why should anyone believe anything you might say when your Holy Qur'an commands you to use taqiyya to further your cause, that cause being world domination?

Sincerely,

Subject: stupid unconstitutional sharia law

How dare you stupid muslims come to America and try to take over. This country is NOT for the taking!!! You diaperheads think you can come to this country and change things around. It will NOT happen. Your best bet would be to go back to your own country and pound sand up your sorry asses. sharia laws are unconstitutional and you diaperheads will NOT force Americans to do anything. islam is not welcome in this country. Go worship devils named muhammed or allah somewhere else. You are not welcome here. The reason you idlots wear those diapers on your heads in the first place is because you don't want anyone to see all the shit squeezing out of your heads. You worship devils and hate everyone. That's you. Don't come to a country full of real people (Americans) and try to force your shit (Islam,muslim) on us. We don't do that. Every day in Texas, at least 1 muslim disappears forever. Yay Texas!!! The muslims are so fucking stupid that they don't realize southern people have our own brand of justice. Again, muslim ass-head(s), you are not welcome in The United States. Go fuck camels and whatever else you do like worshipping devils in some other country that will have you. Get out of America. You are not welcome here!!!

We do not want islamic law in USA so why you trying to bring it to oklahoma? Islamic law is for muslim countries not the USA. I am from Pennsylvania and I support Oklahoma saying no to islamic law. If you are not trying to force islamic law on Oklahoma then why you coming against the right to ban it?

The people voted in favor of this because they don't want horrible Shariah Laws influencing Oklahoma. If you don't like US laws then go back to the Middle East and take all of your stupid Muslim friends with you.

Fwd: Ignorance or Deception?

Subject: Ignorance or Deception?

"We are humbled by this opportunity to show our fellow Oklahomans that Muslims are their neighbors and that we are committed to upholding the U.S. Constitution and promoting the benefits of a pluralistic society," Awad said.

This is **not** the ultimate aim of Islam. Mr. Awad is either uninformed as to the teachings of the Koran or (more likely) he is attempting to deceive the American public, following the methodology being promoted and practiced by the Muslim Brotherhood to infiltrate and, ultimately, overtake the United States, transforming it into an Islamic country under Islamic (Sharia) law. I, for one, am determined to disseminate the truth to as many people as possible

O ye who believe, fight those of the disbelievers who are near you, and let them find harshness in you, and know that Allah is with those who keep their duty to him. -- Sura 9:123

Subject: Your mission...

You have no one fooled. You are an arm of the Muslim Brotherhood. Your end goal is worldwide Sharia. Your history has produced the murder of 217 million infidels and Muslims that are not "Muslim enough". Your so-called holy book, so-called god, and your pedophile prophet instruct you to do this by any means...murder, deception, humiliation, etc.

On a daily basis, more and more Americans realize you cannot be a practicing Muslim and an American. Time for you and your ilk to leave. We are not Europe--far too much liberty and freedom runs through Patriots' veins.

Mr. Awad - you need to explain and I mean explain why America would even entertain anything to do with Muslim's government ways, culture or laws. You all say it's your religion - wrong - observations say it's your culture and your government and we don't want any your ways in America. You can take that Obama intruder right back to whatever country you came from. In the event you are unaware that America has a Constitution and no where does it say your laws will be entertained in America. Rape, Murder, Theft - you call it what you get away with across the ocean but here in America they are CRIMES which created convicted felons. I cannot even think what law would allow any man to rape any woman let alone his wife. And your women who are so ashamed of themselves as to wear that crap over their hair and face - shove it all you ISLAMIC MUSLIM things defined as men. We women in America went through suffrage long ago so you take your little tiny male brain that lies between your thighs and you go rape that man sitting behind the desk in the oval office and then take him back to your own country. You don't like our laws, our culture, our ways - then GO HOME AND TAKE ALL OTHER MUSLIMS WITH YOU. WE CERTAINLY DON'T NEED YOU, YOUR BRAIN, YOUR RAPE AND YOUR WAYS IN AMERICA.

Subject: Oklahoma Law

The voters of Oklahoma have made it clear that Sharia is not going to override the Constitution or any Oklahoma Laws. This means you cannot marry 4 women, beat or mistreat your one wife, or kill any Infidel for ANY reason.

Honor Killings are forbidden in the US. Take your children to Saudi Arabia if you would like to kill them for kissing publically or listening to the wrong music.

Please find a dumber country than this for your religion. We are on to you and even all your money will not make us go away.

Have a nice day,

Ken
