MOVING PARTY:

JOHN K. MOONEY

While I am not a citizen of Oklahoma, I am a citizen of California, which has a fair size population of Muslims, and of course, the United States. Since judges do not rules in a vacuum but try to follow precedence. What the judge in this case rules, will effect to varying degrees, what other federal judges rule in other Federal District Courts and appeal courts. Further there are some people in the United States that are trying to make

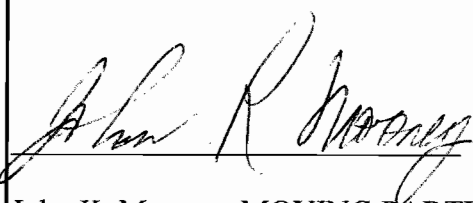

1 the "Sharia(h) Law" the supreme law of this country; above the United States  
2 Constitution. However, a ruling of this type would violate Article VI of the United States  
3 Constitution, paragraph two which states: "This Constitution, and the Laws of the United  
4 States which shall be made in Pursuance thereof; and all Treaties made, or which shall be  
5 made, under the Authority of the United States, shall be the supreme Law of the Land;  
6 and every Judge in every State shall be bound thereby, any Thing in the Constitution or  
7 Laws of any States to the contrary notwithstanding."  
8

9  
10 I respectfully request the courts permission to file an "Amiable Brief, Friend of the  
11 Court" on the case at bar, and request the courts indulgences on the timing of this filing  
12 and the length of the Amiable Brief. I sincerely believe it will add clarity to what is at  
13 stake here and make for a better, clearer, ruling by the judge in this case. I beg the court  
14 indulgence for any error I may have made in not quite following the letter of the rules in  
15 completing this Motion To File An Amiable Brief. While I am bless in many ways, I am  
16 not bless with money to hire an attorney. My heart is right, but my understanding of the  
17 procedures may not be.  
18

19  
20 It has been my observation that many Muslims in the country would like the "Sharia(h)  
21 Law" available for them to review, but they do not want the "Sharia(h) Law" the law of  
22 this country, and they do not want a "Theocratic State" but a secular state which a person  
23 was free to practice his religion without the state telling him how or when.

1 I hereby certify under the penalty of perjury under the laws of the United States that  
2 everything I stated here is true and correct to the best of my ability, and if called as a  
3 witness I can testify as to same.  
4

5  
6 I further certify that the "Amiable Brief" does not contain more than 764 words, more  
7 than 494 lines, and more than 23 pages.
