¹ Two forms of Order are provided with this submission. The first proposed form of Order is provided in connection with Google’s request that this matter be dismissed without prejudice because Plaintiff, in clear violation of the terms of his contract with Google, initiated the instant action in the wrong forum. The second proposed Order is provided in connection with Google’s alternative argument set forth in the attached Memorandum of Law at page 9, where Google requests that in the event that the Amended Complaint is not dismissed, then, at a minimum, Count V of the Amended Complaint, alleging unjust enrichment should be dismissed.
